Adding Yourself to a Waitlisted Class
1. Go to www.clemson.edu.

2. Click on Students.

3. Click the iROAR link.

4. Click the iROAR button.
5. Click on Current Faculty, Students and Staff. Log in using your Clemson username and password.

6. Click on Students.

7. Click Registration.

8. Click add/drop classes, plan ahead and view schedule.
9. This will take you to the iROAR homepage. To find the class you want to register for that has a waitlist, go to ‘Register for Classes’.

10. You will be prompted to make a term selection. Select the term you want to add the class in.

11. You can search for multiple classes at one time by entering subjects and course numbers, or enter the CRN directly. Click submit.
12. You can tell if a course has a waitlist by looking in the status column. If the class does not have the option to add, then the waitlist is full. To add the class to your summary, click add.

13. Adding the class to your summary does not mean you are on the waitlist or registered. You must select waitlist from the drop down action box in your summary.

14. It will say waitlist pending until you click submit. Once you click submit, you are waitlisted for the course.

15. If a seat becomes available in the class and you receive an email giving you a period of time to add the class, you can add by coming back to the action drop down and selecting web register, then submit. This will add you to the class.

Please note, you are not registered for the class until you have received an email notification and then added yourself to the class.
