

COLLEGE OF BUSINESS AND BEHAVIORAL SCIENCE

The College of Business and Behavioral Science includes the School of Accountancy and Legal Studies and the Departments of Aerospace Studies, Economics, Finance, Graphic Communications, Management, Marketing, Military Leadership, Political Science, Psychology, Sociology, and the MBA Program.

The mission of the College is

- to develop leaders who are exceptionally qualified, globally competitive, entrepreneurially spirited, and committed to the betterment of society;
- to produce scholarly research that is relevant to our stakeholders; and
- to support professional and public service activities that contribute to economic, social, and intellectual development.

ROTC PROGRAMS

Aerospace Studies (AFROTC)

Air Force Reserve Officer Training Corps provides students the opportunity to earn a commission as second lieutenants while pursuing a bachelor's degree. The program includes courses in air power history, written and oral communications, leadership and management, and political science. Air Force ROTC is designed to meet the need for dedicated and professional leaders in the active duty Air Force. Additional information is available from the Department of Aerospace Studies.

Military Leadership (Army ROTC)

Army Reserve Officer Training Corps is all about leadership. It allows students the opportunity to become Army officers in the Reserves, National Guard, or active Army. The first two years of the program are open to all students. During the freshman year, the focus is on learning individual leadership skills such as time management, leadership character, values, setting goals, and conducting meetings. The sophomore year emphasizes teamwork, team leading, communication/briefings, decision making, and organizational culture, vision, and team values. Juniors primarily learn planning and conducting training for large groups and are evaluated in leadership exercises. Seniors focus on organizational leadership. They plan and run the 170-person organization, conduct individual counseling, and evaluate the juniors' leadership exercises. A minor in Military Leadership can be earned by completing the program. Enrollment requires no military obligation until the sophomore year for those on an Army scholarship or the junior year for those without a scholarship. Additional information is available from the Military Leadership Department.

SOCIAL AND BEHAVIORAL SCIENCE PROGRAMS

Bachelor of Arts degrees are offered in Economics, Political Science, Psychology, and Sociology; Bachelor of Science degrees are also offered in Political Science, Psychology, and Sociology. These programs are designed to meet the needs of students seeking a broad general education as preparation for intelligent citizenship, commercial and industrial life, government service, research, and teaching. These curricula also provide an excellent background for the study of law, journalism, and medicine.

To achieve depth as well as breadth in the educational experience, students select a major consisting of at least 24 credit hours from courses above the sophomore level. Students also choose a minor consisting of at least 15 additional credit hours. Courses satisfying a student's major may not also be included in the minor. See page 79 for acceptable minors.

Students in bachelor of arts programs who plan to teach in public schools may elect education courses required for certification by the South Carolina State Department of Education. Such courses are to be approved by their own department advisors.

BUSINESS AND PROFESSIONAL PROGRAMS

Bachelor of science programs are offered in Accounting, Economics, Financial Management, Graphic Communications, Industrial Management, Management, and Marketing. With the exception of Graphic Communications, these programs share a common curriculum the first year, allowing the student maximum flexibility in choosing an appropriate major. Accreditation by AACSB International (Association to Advance Collegiate Schools of Business) had been earned by the business programs which include Accounting, Financial Management, Industrial Management, Management, and Marketing. All business and professional curricula prepare students for a variety of careers and furnish an education that recognizes the need for an understanding of the basic principles of science, appreciation for the nature of human interaction, and the comprehension of the economic, political, and social environment.

Pre-Business Program

The Pre-Business Program provides students planning to earn Bachelor of Science degrees in Accounting, Economics, Financial Management, Industrial Management, Management, and Marketing with a sound academic preparation for a variety of careers in business. All business students must complete a common curriculum for the freshman year and have a cumulative grade-point ratio of 2.0 or higher before being admitted into Accounting, Economics, Financial Management, Industrial Management or Management; students must have a cumulative grade-point ratio of 3.0 or higher before

being admitted into Marketing. All new business students (including transfer students) are admitted into the Pre-Business Program until all classes in the freshman curriculum are satisfactorily completed and the grade-point ratio requirement is met.

Freshman Curriculum

First Semester

- 3 - ECON 211 Principles of Microeconomics
 - 3 - MTHSC 102 Intro. to Math. Analysis *or*
 - 4 - MTHSC 106 Calculus of One Variable I¹
 - 3 - PSYCH 201 Introduction to Psychology *or*
 - 3 - SOC 201 Introduction to Sociology
 - 4 - Natural Science Requirement²
 - 2 - Elective
-
- 15

Second Semester

- 3 - COMM 150 Intro. to Human Comm. *or*
 - 3 - COMM 250 Public Speaking
 - 3 - ECON 212 Principles of Macroeconomics
 - 3 - ENGL 103 Accelerated Composition
 - 3 - MTHSC 207 Multivariable Calculus *or*
 - 4 - MTHSC 108 Calculus of One Variable II¹
 - 3 - Science and Tech. in Society Requirement²
-
- 15

¹The following sequences are acceptable: MTHSC 102/207, 106/108, 106/207. For each of the four credit-hour courses taken, one credit-hour will be applied toward the elective credit-hour requirement.

²See General Education Requirements.

Admission to Business Degree Programs

To be eligible for admission into the business degree program in Accounting, BS in Economics, Financial Management, Industrial Management, or Management, students must have completed the courses outlined in the freshman curriculum with a cumulative grade-point ratio of 2.0 or higher. Students wishing to enter the Marketing Program must have completed the Pre-Business program with a cumulative grade-point ratio of 3.0 or higher and must obtain permission of the department chair. Students should initiate a change-of-major request after completion of the Freshman Curriculum. Students who fail to meet the requirements for admission to a degree-granting business program may remain in Pre-Business until those requirements are met, but only until 64 semester hours of coursework have been completed. Students who exceed 64 credit hours and still do not meet the requirements for admission into a degree program must declare another major. Students petitioning for admission into a business degree program will follow the curriculum in effect at the time of the change.

ACCOUNTING

Bachelor of Science

The program leading to the Bachelor of Science degree in Accounting prepares students for careers as professional accountants. Students completing this program are well prepared to enter many accounting career fields as well as to continue study at the graduate level.

Students planning to become Certified Public Accountants should note that the requirements to sit for the CPA examination in South Carolina include 150 hours of collegiate education and completion of a bachelor's degree. Other states have, or will soon have, similar requirements. The faculty of the School of Accountancy and Legal Studies believes these requirements are best met with a bachelor's degree in Accounting and completion of the Master of Professional Accountancy (MPAcc) degree program. The MPAcc program also enhances the preparation of students pursuing accounting careers in areas of specialization such as assurance and management services and taxation.

Admission to the MPAcc program is separate from admission to the undergraduate program. It is based on the student's undergraduate record and score on the Graduate Management Admissions Test (GMAT). For information, contact the School of Accountancy and Legal Studies, 301 Sistine Hall.

In addition to accounting and business courses, approximately one-half of the Bachelor of Science curriculum is devoted to English, public speaking, mathematics, natural and social sciences, and the humanities. Thus, students in the accounting program obtain a broad-based education that not only gives them accounting expertise but also contributes to their proficiency in analytical, communication, and interpersonal skills. Along with the general business accreditation held by the College, the degree programs offered by the School of Accountancy and Legal Studies are separately accredited by AACSB International, the only accrediting agency for accounting programs.

Sophomore Year

First Semester

- 3 - ACCT 201 Financial Accounting Concepts
 - 3 - EX ST 301 Introductory Statistics *or*
3 - MTHSC 309 Intro. Business Statistics
 - 3 - MGT 201 Principles of Management
 - 3 - Arts and Humanities (Non-Lit.) Requirement¹
 - 3 - International Studies Requirement²
- 15

Second Semester

- 1 - ACCT 204 Accounting Procedures
 - 3 - CP SC 220 Microcomputer Applications
 - 3 - MGT 310 Intermediate Business Statistics
 - 3 - Arts and Humanities (Literature) Requirement¹
 - 3 - International Studies Requirement²
 - 3 - Elective

Second Semester

Option A: Internship⁶

- 3 - ACCT 399 Internship in Accounting⁶
 - 3 - ACCT 410 Budgeting and Executive Control
 - 3 - MGT 415 Business Strategy
 - 6 - Business Requirement⁷
- 15

Option B: Business Management

- 3 - ACCT 410 Budgeting and Executive Control
 - 3 - MGT 415 Business Strategy
 - 9 - Business Requirement⁷
- 15

122 Total Semester Hours

¹See General Education Requirements.

²See advisor. Three of these credit hours must satisfy the General Education Cross-Cultural Awareness Requirement.

³A A H 210, MUSIC 210, or THEA 210

⁴Students planning to pursue the Master of Professional Accountancy degree program should take ACCT 404 and 415. Students planning to work in industry upon completion of the degree program should take ACCT 340 and 406.

⁵ECON 310, FIN 411, LAW 420, MGT 423, or MKT 427

⁶Internship may be completed in the summer between junior and senior years with ACCT 410, MGT 415, and six hours of Business Requirement completed in the second semester of the senior year; or internship may be completed in the second semester of the senior year with ACCT 410, MGT 415, and six hours of Business Requirement completed during the summer sessions.

⁷ACCT 340, any 400-level ACCT course, ECON 302, (MGT) 306, FIN 304, 305, 308, 402, 404, MGT 390, 411, 452, or 456

Note: At least 50 percent of the total credits taken in ACCT, ECON, FIN, LAW, MGT, and MKT must be taken at Clemson University.

ECONOMICS

A bachelor's degree in Economics provides a thorough understanding of business, society, and public policy and prepares students for a wide range of careers. By combining general education courses and a strong course of study in economics, students can prepare for graduate studies in business, law, or any of the social sciences as well as for careers in business and government.

The Department of Economics offers two undergraduate degree paths. The Bachelor of Arts degree emphasizes foreign language skills and offers students maximum freedom to tailor their course of study to their specific interests and career goals. A broad choice of minors is available for this program. The Bachelor of Arts program requires 30 credit hours in economics, which should be satisfied by completing ECON 211, 212, and 24 credits of coursework above the sophomore level. Bachelor of Arts majors must complete ECON 314 and 315. ECON 405 is strongly recommended but not required.

The Bachelor of Science program emphasizes business applications. It requires 31 credit hours in economics, which should be satisfied by completing ECON 211, 212, and 25 credits of coursework above the sophomore level. Bachelor of Science majors must complete ECON 405 in addition to 314 and 315.

Minors

A minor field is required of students in both the Bachelor of Arts and the Bachelor of Science degree programs. Economics majors may choose, in consultation with their advisors, any University-approved minor. (See page 79.)

Students who wish to combine the curriculum in Economics with secondary-school teaching should take the degree in Education with a teaching area in Economics. The courses taken will be those required for teaching certification as specified by the South Carolina Department of Education as well as those required for an Economics major.

Combined Bachelor's/Master's Plan

The Department of Economics allows students to count up to 12 hours of graduate credit (800-level courses) toward both the bachelor's and master's degrees. Students participating in this program must have a minimum grade-point ratio of 3.4 and be admitted to the Graduate School prior to registering for graduate courses. Details of the suggested curriculum and program information are available from the Department of Economics.

Bachelor of Arts

Freshman Year

First Semester

- 3 - ECON 211 Principles of Microeconomics

120 Total Semester Hours

¹See advisor. Three of these credit hours must also satisfy the General Education Cross-Cultural Awareness Requirement.

²See General Education Requirements.

³Students who complete a minor in Financial Management must complete three hours of electives to replace the FIN 306 requirement in the Economics major.

⁴ECON 301, 302, (MGT) 306, 309, 310, and 324 may not be used to satisfy the Major Requirement.

Note: At least 50 percent of the total credits taken in ACCT, ECON, FIN, LAW, MGT, and MKT must be taken at Clemson University.

FINANCIAL MANAGEMENT**Bachelor of Science**

The Bachelor of Science in Financial Management program is designed to develop an understanding of financial markets in the contemporary economy, the operation of financial institutions, and the financial management of business operations. The curriculum prepares students for careers in such areas as banking, corporate financial management, financial planning and services, insurance, and real estate. Governments of all levels also employ finance graduates in many of their divisions. The curriculum also provides excellent preparation for students interested in graduate studies or law school.

The core of the curriculum provides a broad range of subjects with an emphasis on technical and communication skills. Students then have the flexibility to tailor courses to their own needs by choosing emphasis areas that will enhance career preparation in specific areas of finance. Students who complete a specific set of courses are eligible to sit for the certified financial planner (CFP®) examination.

Sophomore Year**First Semester**

 15

121 Total Semester Hours

¹See General Education Requirements.

²See advisor. Three of these credit hours must satisfy the General Education Cross-Cultural Awareness Requirement.

³Fifteen credit hours from one of the following emphasis areas. Emphasis areas should be selected before the end of the junior year in consultation with the advisor:

Corporate Finance—FIN 402, 404, 411; plus two courses from FIN 304, 399 (three credits), 405, 406, 408 (One accounting course may substitute for FIN 304, 399, 405, 406, or 408.) Accounting courses may be selected from any 300- or 400-level courses offered by the School of Accountancy. Credit may not be received for both ACCT 303 and 307.

Financial Planning—ACCT 404, 408, FIN 304, 405, 409

Financial Services—FIN 405, 406, 408, 411, and one course from FIN 304, 399 (three credits), 417

Real Estate—FIN 415, 416, 417, LAW 333, plus one course from FIN 399 (three credits), 408, LAW 405

Notes:

1. Financial Management majors are required to have a minimum grade-point ratio of 2.0 in all FIN-designated courses to graduate. Only the last grade for courses that are repeated is used in computing this grade-point ratio.

2. At least 50 percent of the total credits taken in ACCT, ECON, FIN, LAW, MGT, and MKT must be taken at Clemson University.

GRAPHIC COMMUNICATIONS**Bachelor of Science**

The Bachelor of Science degree in Graphic Communications prepares students for professional careers in printing, publishing, packaging, and related industries. The core curriculum assures graduates of having the skills and knowledge required by most entry-level jobs. The major requirements allow each student to select courses which enhance career preparation in specific segments of graphic communications. Coursework is heavily oriented around individual laboratory performance which stresses the development of problem-solving skills in a broad cross-section of manufacturing areas. Applications include all major processes and a variety of industry segments, including commercial printing, publishing, package production, specialty printing, and industrial applications of printing technology beyond communications. The most common career opportunities are in printing management, production planning and supervision, and commercial and technical sales.

The Graphic Communications program is designed to be completed in four years (eight semesters and one or two summers). While students must take one internship during a fall or spring semester, one or two summers are typically used to make up for

that semester. The department schedules courses in summers for that purpose. Taking a reduced load per term or other circumstances could extend the time to meet graduation requirements.

Policy on Advancement in Graphic Communications

Graphic Communications majors must earn a C or better in prerequisite G C courses before enrolling in the next level G C course. Registration priority is given to those students for whom the course is a requirement.

Change of Major into Graphic Communications

Students who change majors into Graphic Communications after one or more semesters at Clemson must have a 2.0 minimum cumulative grade-point ratio in courses taken at Clemson or must first have earned a B or better in G C 104.

Freshman Year**First Semester**

122 Total Semester Hours

¹Must include one course in chemistry (CH 101 or 105) and one course in physics (PHYS 122/124 or 207/209).

²See General Education Requirements. Three of these credit hours must also satisfy the Cross-Cultural Awareness Requirement.

³Select any ENGL course from General Education Arts and Humanities (Literature) Requirement.

⁴One internship must be in a fall or spring semester (summer—at least 12 weeks; fall/spring—at least 15 weeks). G C 455 will not substitute for 450.

⁵See advisor.

INDUSTRIAL MANAGEMENT

Bachelor of Science

The Bachelor of Science degree in Industrial Management prepares students for management challenges in manufacturing, production planning, inventory control, quality assurance, and service operations. Students receive a broad-based education in business, but particular emphasis is placed on systems, theories, and issues dealing with the production of goods and services. The program is particularly relevant in today's economic environment, where improvements in productivity and quality are essential to meet the growing challenges of foreign producers. In addition to jobs in manufacturing management, graduates in Industrial Management are sometimes sought for positions as project directors by government agencies and research centers. Financial institutions have found the Industrial Management graduate well prepared for internal operations management as well as for liaison positions dealing with manufacturing companies as bank customers. The Industrial Management program is accredited by AACSB International and has received a special commendation for excellence from the South Carolina Commission on Higher Education.

MANAGEMENT

Bachelor of Science

The Bachelor of Science degree in Management prepares students for careers as professional managers in corporations, governmental organizations, and small businesses. In addition, the program provides a foundation for graduates who wish to pursue advanced degrees in business and public administration, law, and the social sciences.

The curriculum gives students a broad exposure to the functional areas of business and allows each to select an emphasis area in a subject that is germane to individual career interests. The Management curriculum provides an examination of the social, legal, political, and economic environments in which organizations must operate; an understanding of the functional areas of business and their interrelationships; and a knowledge of behavioral science, applied statistics, and mathematics as they relate to organizational problem solving. The program is accredited by AACSB International.

120 Total Semester Hours

¹Grade of C or better is required for graduation.

²See General Education Requirements.

³See advisor. Three of these credit hours must satisfy the General Education Cross-Cultural Awareness Requirement.

⁴ECON 301, (MGT) 306, 308, 309, or 314

⁵MGT 402, 404, 408, 411, or 427

⁶Twelve hours of 300- or 400-level MGT coursework beyond required courses. In lieu of the Management Requirement, students may select a minor, which must be approved by advisor and department chair, or complete 12 hours from one of the following emphasis areas:

Entrepreneurship—MGT (E L E) 315, MKT (E L E) 314, plus two courses from E L E 301, 401, ECON (E L E) 321, MKT 427, SOC (E L E, PO SC, PSYCH) 356

Human Resources Management—ECON 301, 308, MGT 416, 425, 431, 435, 436, PSYCH 364, 368, 435

International Management—ECON 310, FIN 411, plus two courses from L&IT 401, LAW 420, MGT 424, MKT 427

Management Information Systems—CP SC 462, MGT 430, 452, 454, 455, 456

Operations Management—MGT 402, plus three courses from MGT 404, 408, 411, 427

Supply Chain Management—MGT 317, 412, plus two courses from MGT 305, 424, 426, 427, MKT 426

Note: At least 50 percent of the total credits taken in ACCT, ECON, FIN, LAW, MGT, and MKT must be taken at Clemson University.

MARKETING

Bachelor of Science

The Bachelor of Science degree program in Marketing develops an understanding of various aspects of marketing. The curriculum prepares students for professional marketing careers in industry, government, or the non-profit sector. Graduates are also well prepared for entrance into the Master of Business Administration, law, or other graduate programs. For students who want a general perspective of marketing, the curriculum provides a broad range of subjects with the flexibility to tailor courses by choosing areas that will enhance career preparation in various areas of marketing. Subjects include promotional strategy, professional selling, sales management, public and nonprofit marketing, entrepreneurship, marketing research, product management, marketing management, and international marketing. Emphasis areas in services marketing, sport marketing, and technical marketing are available to students who seek to specialize. The Marketing curriculum, whether approached from a general or specialized perspective, provides the conceptual, quantitative, and analytical skills necessary to function in a dynamic business environment. The Marketing degree is accredited by AACSB International.

Students wishing to change majors into the Marketing program must have a cumulative grade-point ratio of 3.0 or higher or consent of department chair.

Sophomore Year

First Semester

3 - ACCT 201 Financial Accounting Concepts
 3 - EX ST 301 Introductory Statistics or
 3 - MTHSC 309 Intro. Business Statistics

121 Total Semester Hours

¹See General Education Requirements.

²See advisor. Three of these credit hours must also satisfy the General Education Cross-Cultural Awareness Requirement.

³Chosen jointly by the student and the advisor. These must support the emphasis area selected by the student. Certain minors may be used to satisfy the Support Courses Requirement. See advisor.

⁴Select one of the following emphasis areas:

General Marketing—MKT 420 or 423; 425, 426, 428, or 429; and any one additional MKT course.

Services Marketing—MKT 420 or 423; 425, 426, or 429; 428.

Sport Marketing—MKT 321; 420 or 423; 428.

Technical Marketing—MKT 420; 423, 424, 428, or 430; 426.

Note: At least 50 percent of the total credits taken in ACCT, ECON, FIN, LAW, MGT, and MKT must be taken at Clemson University.

POLITICAL SCIENCE

The Department of Political Science offers two degree programs: a bachelor of arts and a bachelor of science, each requiring a total of 120 credit hours. Both prepare students for a wide range of graduate programs and career opportunities. The bachelor of arts program provides broad coverage of the political science discipline and emphasizes communication skills and humanities. The bachelor of science program is recommended for those with an aptitude for mathematics and/or an interest in political economy, public administration, public policy, or other fields requiring advanced quantitative skills. Both programs are appropriate for pre-law students and for students interested in global politics. Note that the bachelor of arts degree requires a minor, and the bachelor of science degree requires a field of concentration and, depending on the concentration, requires or allows a minor.

Bachelor of Arts

The requirements for a Bachelor of Arts degree in Political Science consist of PO SC 101, 102 or 104, and at least 24 additional credit hours in political science at the 300–400 level, including at least one course from each of the following fields:

American Government—PO SC 403, 405, 416, 432, 442

Comparative Politics—PO SC 371, 372, 466, 471, 472, 473, 476, 477, 478

International Relations—PO SC 361, 362, 363, 428

Political Theory—PO SC 450, 453

Public Policy and Public Administration—PO SC 302, 321, 421, 423, 424, 430

The student's additional coursework in political science is chosen with the consent and advice of the departmental advisor to ensure an appropriate balance of breadth and specialization within the field of political science. In addition to the courses listed above, the department offers a wide range of specialized courses in each of the subfields of the political science discipline.

Note: No more than six hours credit from PO SC 310, 311, and 312 may be counted toward any degree; no more than three hours credit from these courses may be applied to the requirements of a Political Science major.

PSYCHOLOGY

Psychology is the study of human and animal behavior and the biological, psychological, and social processes related to that behavior. The Bachelor's degree in Psychology prepares students for a variety of professional careers related to human resources, personnel, counseling, and other people-oriented positions in human services, business, and industry. Additionally, the Bachelor's degree provides excellent preparation for graduate training in such areas as clinical, counseling, industrial, experimental, cognitive, social, biological, health, developmental, and school psychology. The program also provides excellent preparation for students who intend to pursue professional training in medicine, physical or occupational therapy, dentistry, pharmacy, veterinary science, or law. Further information is available at www.clemson.edu/psych/.

Bachelor of Arts

The Bachelor of Arts program requires PSYCH 201, 202, 309, 310, 492, and 19 additional credits in psychology arranged as follows:

Two courses from the **Biological and Cognitive** menu: PSYCH 324, 333, 422

One course from each of the following menus:

Applied—PSYCH 275, 355, 364, 368, 375, 435, 480, 483, 488

Individuals and Groups—PSYCH 340, 352, 370
Laboratory—PSYCH 325, 334, 423, 471, H490, 493, 495, 496, 497, 498

At least six credits must be from 400-level psychology courses, with at least three of those credits from psychology courses numbered between 400 and 489. BIOSC 470 may be taken in lieu of one elective psychology course. Students should consult their advisors for other degree requirements and course recommendations.

120 Total Semester Hours

¹Biology 110 and 111 may be substituted. In this case, the extra two credit hours will count toward the Science Requirement.

²See General Education Requirements. (Note: Three courses in mathematics are required.)

³See major requirements in program description above.

⁴See General Education Requirements. A two-semester sequence in the same natural science other than biology is required.

⁵See General Education Requirements. PSYCH 201 and two additional non-psychology social science courses (from the same or different fields) satisfy General Education and departmental requirements.

⁶Select any minor listed on page 79.

⁷Three credit hours, in addition to the Natural Science Requirement, in any natural or physical science are required.

SOCIOLOGY

The Sociology major offers two degree programs: a bachelor of arts and a bachelor of science. Both degrees prepare students for a variety of professional careers related to human resources, management, public relations, social services, criminal justice, health services, social research, and other people-oriented positions in the public and private sector. In addition, the Bachelor's degree provides excellent preparation for graduate training in sociology, social services, law, and business. Both degrees require a total of 121 semesters hours, including 34 credit hours in sociology and/or anthropology, as identified below. Courses used to fulfill General Education Requirements may be used to fulfill minor requirements.

Emphasis Areas in Sociology

Community Studies—R S (SOC) 459, SOC 331, (R S) 495; and nine credits from all courses offered in anthropology or sociology not already taken to fulfill requirements.

Criminal Justice—SOC 390, 393; nine credits selected from SOC 391, 392, 396, 397, 491, 493, 494, (R S) 495; and three credits from all courses offered in anthropology or sociology not already taken to fulfill requirements.

General Sociology—12 credit hours selected from ANTH 201, SOC 202, 311, 330, 331, 350, 351, 380, 391, 414, 430, 432, 440, (R S) 471, 480, 481, (R S) 495; and six additional credits from all courses offered in anthropology or sociology not already taken to fulfill requirements.

Social Services—SOC 380, 414, (R S) 495; and nine credits from all courses offered in anthropology or sociology not already taken to fulfill requirements.

At least 12 of the total credits must be from 400-level sociology, rural sociology, and/or anthropology courses; no more than nine credit hours may be taken in courses at the 100 or 200 level, except with approval of the department chair. Additional electives are added to meet the minimum of 121 hours required for graduation.

Substance Abuse Certificate Program

The Substance Abuse Certificate Program is an interdisciplinary program drawn from courses in sociology, education, health, and psychology. Students study the causes, consequences, prevention, and treatment of substance abuse. They also study delivery systems and policy issues associated with legal and illicit substances. Through field placement, students come face to face with the problem and gain practical experience to prepare them to enter the field of practicing specialists. The credential requires knowledge in theory and treatment of substance abuse problems.

Completion of the Substance Abuse Certificate Program requires ED C 234, PSYCH 375, SOC 380, 396, 397, (R S) 495, plus a related course approved by certificate program director.
