The College of Health, Education and Human Development provides students the means by which to pursue careers in the fields of nursing, education, health, and recreation management. The “Engaged College with a Personal Touch” is home to the academic programs offered by the School of Nursing; the Eugene T. Moore School of Education; the Department of Public Health Sciences; and the Department of Parks, Recreation and Tourism Management. The College also offers outreach services available through the Joseph F. Sullivan Center; the National Dropout Prevention Center; and the Outdoor Laboratory. Collaboration within the college between academics and community outreach services prepares students to be professional leaders in health, education, and recreation management. As with all programs at the University, students take course offerings from all colleges on campus to achieve the most complete education possible.

ATHLETIC LEADERSHIP CERTIFICATE

Students acquiring the nationally recognized American Sport Education Program (ASEP) Certification through the Athletic Leadership Program at Clemson are eligible to complete the requirements for Athletic Leadership Certification in any of the following areas related to their ASEP Certification: (1) Sport Coaching and Character Development; (2) Sport First Aid and Conditioning; and (3) Sport Psychology and Motivation. For more information, contact the Coordinator of Athletic Leadership at (864) 656-0434.

EUGENE T. MOORE SCHOOL OF EDUCATION

The mission of the Eugene T. Moore School of Education is to prepare caring and capable professionals through intellectually engaging experiences in theory, method, and research that connect them to the communities in which they live and serve. The Eugene T. Moore School of Education trains teachers, counselors, university administrators, and leaders for the P-12 schools and training and development specialists for business and industry.

TEACHER EDUCATION PROGRAMS

The Eugene T. Moore School of Education Conceptual Framework guides the School’s work as a unit. It is consensus-based and provides the foundation for all that is done. It addresses the fundamental issues of what students need to know (knowledge), what they need to be able to do (skills), what they value (dispositions), and how they interface with their communities, large and small (connections). The Conceptual Framework, simply stated, is to prepare caring, capable, and connected professionals for the twenty-first century. The Teacher Education Programs prepare teachers, provide professional services to education in South Carolina, and carry out basic and applied research in education. Curricula provide a broad general education through liberal arts and science courses, develop depth of knowledge in the teaching area, gain an understanding of the historical, philosophical, and psychological backgrounds of American education, and acquire knowledge of and skill and experience in effective teaching techniques. The Teacher Education Programs are accredited by the National Council for the Accreditation of Teacher Education (NCATE) for the preparation of educational personnel in South Carolina in Early Childhood, Elementary, Special Education, and secondary school programs in Agriculture, Biological Sciences, English, Mathematics, Physical Sciences, and Social Sciences (Economics, History, Political Science, Psychology, and Sociology).

Criminal Records Check

A criminal record could prevent a person enrolled in a teacher education program in South Carolina from being certified as a teacher in this state in accordance with State Board of Education guidelines. Section 59-25-115 of the South Carolina Code of Laws specifies that before beginning the full-time clinical teaching experience in South Carolina, a teacher education candidate shall undergo a state criminal records check by the South Carolina Law Enforcement Division (SLED) and a national criminal records check supported by fingerprints by the Federal Bureau of Investigation (FBI). The applicant is responsible for the cost associated with the FBI background checks. Information reported relative to prior arrests or convictions will be reviewed by the State Department of Education, and the State Board of Education when warranted, according to board guidelines. A teacher education candidate with prior arrests or convictions of a serious nature that could affect his/her fitness to teach in the public schools of South Carolina may be denied the opportunity to complete the clinical teaching experience, and thus affect eligibility for initial teacher certification. An individual who is denied this opportunity as a result of prior arrests or convictions, after one year, may request reconsideration under guidelines established by the State Board of Education.

The criminal records check will be handled through the Office of Teacher Certification at the South Carolina State Department of Education and will be considered phase one of a person’s application for a teaching credential. Provided the criminal records check is conducted within 18 months of the time the teacher candidate formally applies for a teaching certificate, the fingerprinting will not have to be repeated at the time of application. A graduate of a teacher education program applying for initial teacher certification must have completed the FBI fingerprint process within 18 months of formally applying for initial teacher certification or the fingerprint process must be repeated. The background check normally requires six (6) to eight (8) weeks to process. If the fingerprint card cannot be processed, the South Carolina State Department will inform the individual that it will be necessary to complete another fingerprint card and submit it to their office as soon as possible.

Admission

Professional—Application to the professional level of a program will be processed during the term in which a student is to complete 45 semester hours of work. At that time, the student will be notified of his/her status by the College’s Academic Advising Center. Prior to admission, the student must have passed all areas of the Praxis I Pre-Professional Skills Test (PPST) and have a minimum cumulative grade-point ratio of 2.5. A student may exempt the PPST by meeting minimum ACT or SAT requirements as determined each year by the South Carolina Department of Education.

Directed Teaching/Teaching Internship (Secondary)—A student shall apply to the field experience director prior to the semester in which block methods courses are to be scheduled. The following conditions must be met prior to registration for directed teaching: (1) admission to the professional level of a program; (2) completion of at least 95 semester hours; (3) a minimum cumulative grade-point ratio of 2.5. Students with a grade-point ratio of 2.25 to 2.5 may appeal to the Director of the School of Education, but exceptions are not common.

Enrollment in Professional Courses

Enrollment in 400-level professional education courses is contingent upon admission to the professional level as described above. Any student who desires to enroll in education courses must meet the cumulative grade-point requirements established for education majors. Appeals to continue taking classes may be made to the Chair of Teacher Education, but exceptions are not common.

Change of Major

Changing majors into Education is highly competitive and limited in Early Childhood Education and somewhat competitive and limited in Elementary Education, Secondary Education–Social Studies, and Secondary Education–English. The process involves a formal application and an essay. Requests for a change of major application can be made at the Health, Education and Human Development Academic Advising Center in 309 Edwards Hall and should be accompanied by an appointment with an advisor.

Graduation

To graduate, a student must have scores for all state-mandated certification exams on file with the Academic Advising Center in the College of Health, Education and Human Development. As of July 2006, students must pass all required Praxis II tests, including PLT (Principles of Learning and Teaching), before becoming program completers and receiving recommendation for certification.

Graduate Study

Clemson University offers programs leading to the Master of Arts in Teaching, Master of Education, Master of Human Resource Development, Specialist in Education, and Doctor of Philosophy degrees.
### AGRICULTURAL EDUCATION

**Bachelor of Science**

The College of Health, Education and Human Development and the College of Agriculture, Forestry and Life Sciences conduct a cooperative program to produce agricultural teachers (grades 9–12) for South Carolina. See page 40 for the curriculum.

### EARLY CHILDHOOD EDUCATION

**Bachelor of Arts**

The Early Childhood Education curriculum prepares students for teaching positions on the pre-kindergarten and primary levels (Pre-K–3).

#### Freshman Year

**First Semester**
- 2 - ED 105 Orientation to Education
- 3 - HIST 173 The West and the World II
- 3 - MTHSC 101 Essential Math. for Informed Soc.
- 3 - Foreign Language Requirement
- 4 - Natural Science Requirement
- 1 - Elective
- 16

**Second Semester**
- 3 - A A H 210 Intro. to Art and Architecture
- 3 - COMM 150 Intro. to Human Comm. or
- 3 - COMM 250 Public Speaking
- 3 - ENGL 103 Accelerated Composition
- 3 - MTHSC 117 Mathematics for Elementary School Teachers I
- 3 - Foreign Language Requirement
- 15

#### Sophomore Year

**First Semester**
- 3 - ED EC 220 Family, School, and Community Relationships
- 3 - GEOG 103 World Regional Geography
- 3 - MTHSC 118 Mathematics for Elementary School Teachers II
- 3 - Arts and Humanities (Literature) Requirement
- 4 - Natural Science Requirement
- 16

**Second Semester**
- 3 - ED F 302 Educational Psychology
- 1 - ED F (CTE) 315 Technology Skills for Learning
- 3 - ED F 334 Child Growth and Development
- 3 - ED SP 370 Introduction to Special Education
- 3 - MUSIC 210 Music Appreciation or
- 3 - MUSIC 400 Music in the Elem. Classroom
- 3 - Arts and Humanities (Non-Lit.) Requirement
- 16

#### Junior Year

**First Semester**
- 3 - CTE 310 Designing Creative Instruction
- 3 - ED 322 Responding to Emergencies or
- 3 - PRTM 317 Group Initiatives
- 3 - ED EL 458 Health Education Methods for the Classroom Teacher
- 3 - ENGL 385 Children’s Literature
- 3 - Multicultural Requirement
- 15

**Second Semester**
- 3 - ED EL 321 Physical Education Methods for Classroom Teachers
- 3 - ED F 308 Classroom Assessment
- 3 - READ 460 Teaching Reading in the Elementary Grades: 2–6
- 6 - Elective
- 15

#### Senior Year

(Courses must be taken as listed in both semesters.)

**First Semester**
- 3 - ED EL 401 Elementary Field Experience
- 3 - ED EL 451 Elem. Methods in Science Teaching
- 3 - ED EL 452 Elem. Methods in Math. Teaching
- 3 - ED EL 487 Elementary Methods in Social Studies Teaching
- 3 - ED EL 488 Elementary Methods in Language Arts Teaching
- 1 - ED F 425 Instructional Technology Strategies
- 3 - READ 461 Content Area Reading: Grades 2–6
- 19

**Second Semester**
- 12 - ED EL 481 Dir. Teaching in the Elem. Sch.
- 12

124 Total Semester Hours

1Two semesters (through 202) in modern foreign language are required. Spanish is recommended.

2One biological science and one physical science course, each with laboratory, must be selected from General Education Requirements. See advisor.

3ENGL 212, 213, 214, or 215

4MUSIC 210, 311, 313, 314, 317, or 400

5See General Education Requirements.

6ED EC 400, 420, 430, 440, 450, and READ 459 must be taken concurrently during the fall semester of the senior year.

### ELEMENTARY EDUCATION

**Bachelor of Arts**

The Elementary Education curriculum prepares students for teaching on the elementary school level (grades 2–6).

#### Freshman Year

**First Semester**
- 3 - ED EC 220 Family, School, and Community Relationships
- 3 - GEOG 103 World Regional Geography
- 3 - MTHSC 118 Mathematics for Elementary School Teachers II
- 3 - Arts and Humanities (Literature) Requirement
- 4 - Natural Science Requirement
- 16

**Second Semester**
- 3 - ENGL 103 Accelerated Composition
- 3 - HIST 173 The West and the World II
- 3 - MTHSC 101 Essential Math. for Informed Soc.
- 3 - Foreign Language Requirement
- 15

#### Sophomore Year

**First Semester**
- 3 - ED EC 300 Found. of Early Childhood Educ.
- 3 - ED EL 321 Physical Education Methods for Classroom Teachers
- 3 - ED EL 458 Health Education Methods for the Classroom Teacher
- 3 - ED SP 468 Early Intervention for Infants and Children with Special Needs
- 3 - READ 458 Early Literacy: Birth–Kindergarten
- 15

**Second Semester**
- 3 - ED EC 400 Observation and Assessment in Clinical Settings
- 3 - ED EC 420 Early Childhood Science
- 3 - ED EC 430 Early Childhood Mathematics
- 3 - ED EC 440 Integrated Language Arts and Social Studies in Primary Schools
- 3 - ED EC 450 Early Childhood Curriculum
- 3 - READ 459 Teaching Reading in the Early Grades: K–3
- 18

**Third Semester**
- 12 - ED EC 484 Directed Teaching in Early Childhood Education
- 1 - ED F 425 Instructional Technology Strategies
- 13

**Fourth Semester**
- 124 Total Semester Hours

1Two semesters (through 202) in a modern foreign language are required. Spanish is recommended.

2One biological science and one physical science course, each with laboratory, must be selected from General Education Requirements. See advisor.

3ENGL 212, 213, 214, or 215

4MUSIC 210, 311, 313, 314, 317, or 400

5See General Education Requirements.

6ED EC 400, 420, 430, 440, 450, and READ 459 must be taken concurrently during the fall semester of the senior year.

### Sophomore Year

**First Semester**
- 3 - BIOL 109 Introduction to Life Science
- 3 - COMM 150 Intro. to Human Comm. or
- 3 - COMM 250 Public Speaking
- 3 - ED F 301 Principles of American Education
- 3 - MTHSC 118 Mathematics for Elementary School Teachers II
- 3 - Arts and Humanities (Literature) Requirement
- 16

6ANTH 201, ED 405, ED EL 311, PSYCH 201, SOC 201, or

202 is recommended.
### MATHEMATICS TEACHING

**Bachelor of Science**
The program leading to a Bachelor of Science degree in Mathematics Teaching is designed for students planning to teach mathematics on the secondary school level (grades 9–12).

**Freshman Year**
- **First Semester**
  - ED F 425 Instructional Technology Strategies
  - EDSEC 426 Teaching Secondary Mathematics
  - MTHSC 400 Theory of Probability or
  - MTHSC 405 Stat. Theory and Methods II
  - MTHSC 408 Topics in Geometry
  - MTHSC 453 Advanced Calculus I
  - READ 498 Secondary Content Area Reading

- **Second Semester**
  - EDSEC 446 Teaching Internship in Secondary Mathematics

**Sophomore Year**
- **First Semester**
  - COMM 150 Intro. to Human Comm. or
  - COMM 250 Public Speaking
  - EDSEC 226 A Prof. Approach to Sec. Algebra
  - MTHSC 208 Calculus of Several Variables
  - PHYS 122 Physics with Calculus I
  - PHYS 124 Physics Lab. I
  - Arts and Humanities (Literature) Requirement

- **Second Semester**
  - ECON 200 Economic Concepts or
  - ECON 211 Principles of Microeconomics
  - ED F 302 Educational Psychology
  - ED F (CTE) 315 Technology Skills for Learning
  - MTHSC 211 Linear Algebra
  - PHYS 221 Physics with Calculus II
  - PHYS 223 Physics Lab. II

**Junior Year**
- **First Semester**
  - ED F 301 Principles of American Education
  - EDSEC 331 Adolescent Growth and Development
  - MTHSC 302 Statistics for Science and Engr.
  - MTHSC 412 Introduction to Modern Algebra

- **Second Semester**
  - BIO 104 General Biology I and
  - BIO 105 General Biology Lab. I
  - CH 101 General Chemistry
  - ED F 105 Orientation to Education
  - MTHSC 311 Linear Algebra
  - PHYS 221 Physics with Calculus II
  - PHYS 223 Physics Lab. II

**Senior Year**
- **First Semester**
  - BIOL 110 Principles of Biology or
  - BIOL 103 General Biology I and
  - BIOL 105 General Biology Lab. I
  - CH 101 General Chemistry
  - ED F 105 Orientation to Education
  - MTHSC 106 Calculus of One Variable I
  - Foreign Language Requirement

- **Second Semester**
  - BIOL 111 Principles of Biology II or
  - BIOL 104 General Biology I and
  - BIOL 106 General Biology Lab. II
  - CH 102 General Chemistry
  - ENGL 103 Accelerated Composition
  - Foreign Language Requirement
  - Statistics Requirement

### SCIENCE TEACHING

The programs leading to a Bachelor of Arts degree in Science Teaching are designed for students planning to teach biological sciences, chemistry, earth sciences, or physical sciences on the secondary school level (grades 9–12).

#### Double Major in Science Teaching/Biological Sciences

The Bachelor of Arts degree in Science Teaching—Biological Sciences offers a double major in Science Teaching and Biological Sciences. This program prepares students for teaching science on the secondary level and graduate studies in any of the life science areas.

#### TEACHING AREA: BIOLOGICAL SCIENCES

**Bachelor of Arts**

**Freshman Year**
- **First Semester**
  - BIOL 101 Principles of Biology or
  - BIOL 103 General Biology I and
  - BIOL 105 General Biology Lab. I
  - CH 101 General Chemistry
  - ED F 105 Orientation to Education
  - MTHSC 211 Linear Algebra
  - PHYS 221 Physics with Calculus II
  - PHYS 223 Physics Lab. II

- **Second Semester**
  - BIOL 110 Principles of Biology or
  - BIOL 103 General Biology I and
  - BIOL 105 General Biology Lab. I
  - CH 101 General Chemistry
  - ED F 105 Orientation to Education
  - MTHSC 302 Statistics for Science and Engr.
  - MTHSC 412 Introduction to Modern Algebra

**Sophomore Year**
- **First Semester**
  - CH 102 General Chemistry
  - ENGL 103 Accelerated Composition
  - Foreign Language Requirement

- **Second Semester**
  - BIOL 104 General Biology I and
  - BIOL 106 General Biology Lab. II
  - CH 102 General Chemistry
  - ENGL 103 Accelerated Composition
  - Foreign Language Requirement

**Junior Year**
- **First Semester**
  - BIOL 110 Principles of Biology or
  - BIOL 103 General Biology I and
  - BIOL 105 General Biology Lab. I
  - CH 101 General Chemistry
  - ED F 105 Orientation to Education
  - MTHSC 211 Linear Algebra
  - PHYS 221 Physics with Calculus II
  - PHYS 223 Physics Lab. II

- **Second Semester**
  - BIOL 111 Principles of Biology II or
  - BIOL 104 General Biology I and
  - BIOL 106 General Biology Lab. II
  - CH 102 General Chemistry
  - ENGL 103 Accelerated Composition
  - Foreign Language Requirement
  - Statistics Requirement
TEACHING AREA:
BIOLOGICAL SCIENCES

9 - EDSEC 447 Teaching Internship in Sec. Sci.
9 - EDSEC 457 Sec. Science Capstone Seminar

SECONDARY EDUCATION
The Bachelor of Arts degree in Secondary Education is available to students preparing to teach English and mathematics on the secondary school level (grades 9–12). The Bachelor of Science degree is offered to students planning to teach social studies (economics, history, political science, psychology, and sociology). The teaching field should be selected as early as possible so that appropriate freshman and sophomore courses may be taken.
Each curriculum requires a major concentration in the teaching field. Specific courses and sequences have been designated to meet requirements for those planning to teach. The professional education courses should be completed in sequence.

**TEACHING AREA: ENGLISH**

SPECIAL EDUCATION

Bachelor of Arts
The Bachelor of Arts degree in Special Education prepares students to teach individuals with mild disabilities in grades K–12. The curriculum is designed to meet the competencies outlined by the Council for Exceptional Children for beginning special education teachers. Students completing the program receive instruction and practical experiences that lead to Multi-Categorical Special Education Certification in South Carolina.

Freshman Year

124 Total Semester Hours

1Two semesters (through 202) in the same modern foreign language (including American Sign Language) are required.
2See General Education Requirements.
3Select from 300- and 400-level courses in sociology.
4ED F 425, EDSEC 428, and READ 498 must be taken concurrently. Offered spring semester only.
5ED SEC 448 and 458 must be taken concurrently. Offered fall semester only.
6See advisor.
7See General Education Requirements.
8ED EL 451, ED SP 373, and 491 must be taken concurrently during the spring semester of the senior year.
9ED F 425, ED SP 492, 493, 494, 496, and 497 must be taken concurrently during the fall semester of the senior year.

HEALTH SCIENCE

Bachelor of Science
The Department of Public Health prepares students for careers in the health field, one of the largest industries in the United States. It includes hospitals and other medical service providers, public health organizations, health insurance companies, health/medical related sales, health fitness organizations, and community and nonprofit health agencies.

Plans of study can be arranged in health promotion and education, health services administration, and preprofessional health studies. Students in the Health Promotion and Education Concentration have the skills to assess, plan, communicate, implement, manage, and evaluate public health promotion programs. Students in the Preprofessional Health Studies Concentration obtain the coursework and experience necessary for acceptance into various graduate programs in clinical health professions. The Health Services Administration Concentration allows students to develop skills and competencies in health administration/management for entry-level careers or graduate study in this area. A minor in Business Administration is integral to the concentration. The department, in cooperation with the College of Architecture, Arts and Humanities, also offers a joint Bachelor of Science degree in Language and International Health (see page 66).

When space is available, students with fewer than 50 credit hours earned may apply to change majors into Health Science with a minimum cumulative grade-point ratio of 2.25. Students with 50 or more credit hours may apply for a change-of-major into Health Science when space is available based on the following restrictions:

- completion of the Health Science Mathematics and Statistics Requirements and the General Education Natural Science Requirement
- minimum cumulative grade-point ratio of 2.5
- submission of a 1–3-page document detailing why the applicant desires to major in Health Science and how this major would support his/her career goals

Additional information is available at www.hehd.clemson.edu/PublicHealth/index.htm.

LANGUAGE AND INTERNATIONAL HEALTH

Bachelor of Science
The Language and International Health program is administered by the College of Architecture, Arts and Humanities and the College of Health, Education and Human Development. See page 66 for the curriculum.

NURSING

Bachelor of Science
The Bachelor of Science degree program in Nursing prepares students for professional nursing practice in a variety of settings, such as hospitals, industry, clinics, and public health agencies. During the first two years, emphasis is on liberal arts and basic science courses arranged to provide a foundation for the nursing major. Junior and senior courses emphasize the study of nursing. Clinical nursing experiences, guided by the Nursing faculty, involve acute and community-based settings. Students are responsible for their own transportation to clinical laboratory experiences, which may extend throughout the Upstate.

Throughout the clinical laboratory period, Nursing majors are required to carry current, valid student nurses’ professional liability insurance with minimum limits of liability of $1,000,000 per occurrence and $6,000,000 in aggregate. Documentation of such coverage must be provided to the Director of the School of Nursing. No student may participate in clinical learning activities without this insurance coverage.

To comply with clinical agency contract requirements and South Carolina law, students enrolled in nursing courses with a clinical laboratory must meet specific requirements listed in the School of Nursing Student Handbook at www.clemson.edu/health/nursing.

The School of Nursing programs are accredited by the CCNE (Commission on Collegiate Nursing Education), One Dupont Circle NW, Suite 530, Washington, DC 20036-1120.

Entrance Requirements
To facilitate admission of students who can achieve at an appropriate level in the program, admission is selective. Consideration is given to performance in secondary school and on the College Board Examination (SAT). Those seeking admission are advised to apply to the University early in the fall of the senior year in high school.

Transfer admission is competitive and students are encouraged to apply early to the Office of Admissions. The University admits ten new transfer students to the Nursing major during the fall semester only. Potential students should have a minimum grade point ratio of 3.0 and completion of 30 semester hours of transferable courses. Placement in the Nursing curriculum will be determined after credit evaluation is completed.

Students may change majors into Nursing based on approval of an Admissions Committee in the School of Nursing. Applications are accepted each year during January with a deadline of January 31. Decisions are made by February 28. Change-of-major students will have a start date of the following January into upper division (junior-level) nursing courses. Applicants should meet the following requirements prior to the semester of application: a minimum cumulative grade-point ratio of 2.75, completion of a minimum of two required sciences in the Nursing curriculum with a C or better. Selection priority is based on grade-point ratio and number of completed nursing prerequisites. Students are allowed to apply only twice. Detailed information is available from the Academic Advising Center in 309 Edwards Hall or at www.clemson.edu/health/nursing.

Freshman Year
First Semester
- BIOL 103 General Biology I
- BIOL 105 General Biology Lab. I
- COMM 150 Intro. to Human Comm. or
- COMM 250 Public Speaking
- U 101 University Success Skills
- NURS 140 Computer Appl. in Health Care
- SOC 201 Introduction to Sociology
15

Second Semester
- CH 101 General Chemistry I
- ENGL 103 Accelerated Composition
- MTHSC 203 Elementary Statistical Inference
- PSYCH 201 Introduction to Psychology
- Arts and Humanities (Non-Lit.) Requirement
16

Sophomore Year
First Semester
- BIOSC 222 Human Anatomy and Phys. I
- MICRO 205 Introductory Microbiology
- NUTR 205 Nutrition for Nursing Professionals
- Arts and Humanities (Literature) Requirement
- Elective
15

Second Semester
- BIOSC 223 Human Anatomy and Phys. II
- NURS 320 Professionalism in Nursing
- NURS 333 Health Care Genetics
- Cross-Cultural Awareness Requirement
- Elective
15

Junior Year
First Semester
- ENGL 304 Business Writing or
- ENGL 314 Technical Writing
- NURS 304 Pathophysiology for Health Care Professionals
- NURS 310 Health Assessment
- NURS 312 Medical-Surgical I: Therapeutic Nursing Interventions
- NURS 340 Pharmacotherapeutic Nursing Interventions
- Elective
16
### Freshman Year

**First Semester**
- 3 - MTHSC 101 Essential Math. for Informed Soc.
- 3 - MTHSC 203 Elementary Statistical Inference
- 4 - Science Requirement

**Second Semester**
- 3 - ENGL 103 Accelerated Composition
- 3 - PSYCH 201 Introduction to Psychology

### Sophomore Year

**First Semester**
- 4 - BIOSC 222 Human Anatomy and Phys. I
- 4 - BIOSC 312 Medical-Surgical I: Therapeutic Nursing Interventions
- 3 - Elective

**Second Semester**
- 4 - BIOSC 223 Human Anatomy and Phys. II
- 3 - Departmental Requirement
- 3 - Nutrition Requirement
- 3 - Oral Communication Requirement

### Junior Year

**First Semester**
- 3 - NURS 304 Pathophysiology for Health Care Professionals
- 4 - NURS 312 Medical-Surgical I: Therapeutic Nursing Interventions
- 3 - NURS 330 Research in Nursing
- 5 - NURS 411 Nursing Care of Children

**Second Semester**
- 5 - NURS 303 Medical Surg. II: Nursing of Adults
- 4 - NURS 307 Family Nursing in the Community
- 4 - NURS 313 Health Assess. Through Lifespan

### Senior Year

**First Semester**
- 3 - NURS 333 Health Care Genetics
- 3 - NURS 406 Issues in Professionalism
- 5 - NURS 412 Nurs. Care of Women and Families
- 4 - NURS 425 Community Nursing

**Second Semester**
- 3 - ENGL 314 Technical Writing
- 5 - NURS 401 Mental Health Nursing
- 5 - NURS 403 Medical-Surgical III: Complex Nursing of Adults
- 3 - NURS 405 Leadership and Mgt. in Nursing

---

### Registered Nurse BS Completion Program

The RN/BS curriculum offers an individualized study option for the registered nurse to obtain a baccalaureate degree in Nursing. Credits may be earned through an accelerated program of study, combining transfer credits for selected courses from accredited institutions of higher learning, credit by examination for previously completed nursing courses, and enrollment in courses at Clemson University. Qualified students may take up to six hours of graduate courses towards the master’s degree in Nursing. Registered nurses interested in pursuing a baccalaureate degree should contact the School of Nursing for curriculum requirements. This program is offered at the University Center of Greenville.

---

**Notes:**
1. A minimum grade of a C is required in all required nursing courses for progression to the next level. Only courses required for the nursing curriculum, including the allotted three elective credit hours, will be used to calculate this grade-point ratio.
2. Students may repeat only one nursing course, excluding a W or redemption. Further, students may repeat that nursing course one time only. Students who are unsuccessful on the second attempt in a nursing course will be counseled to select another major and will not be permitted to continue in the Nursing program.
3. Students must pass didactic and clinical components to pass all clinical courses.

---

**PARKS, RECREATION AND TOURISM MANAGEMENT**

**Bachelor of Science**

The Department of Parks, Recreation and Tourism Management prepares students for a variety of careers in public and private leisure services. The curriculum provides a broad exposure to the management of leisure service programs and resources, such as those for municipalities, institutions, voluntary and youth-serving agencies, management positions within the travel and tourism industry and as resource managers of local, state, and federal parks and related lands and waters.

The curriculum allows students to select from five concentrations. This latitude permits accommodation of each student’s career objectives in positions in community recreation, sport management, recreation programming, cultural arts management, commercial recreation, wilderness management, nature interpretation, park management, historic site management, rehabilitation services, leisure counseling, camp administration, recreation therapy, programs for people with disabilities or senior citizens, travel industry, resort management, convention and visitor bureaus, theme parks, community tourism, and special event/festival planning, to name a few.

The Parks, Recreation and Tourism Management program is accredited by the National Council on Accreditation (National Recreation and Park Association/Council on Postsecondary Accreditation). Graduates are immediately eligible to apply to become “Certified Park and Recreation Professionals,” a valuable credential for professional advancement.

When space is available, a student may change majors to one of the degree concentrations in the Department of Parks, Recreation and Tourism Management with a 2.0 cumulative grade-point ratio, at least 30 credit hours earned, and approval of the department chair or his/her designee.

Graduate degrees offered are Master of Parks, Recreation and Tourism Management; Master of Science; and Doctor of Philosophy.
COMMUNITY RECREATION, SPORT AND CAMP MANAGEMENT CONCENTRATION

The Community Recreation, Sport and Camp Management (CRSCM) Concentration prepares students for careers in community recreation, amateur athletics, and camp management by developing theoretical, conceptual, and applied knowledge bases necessary for success in its diverse field. The focus of this program is on community, family, and individual development. Career opportunities include, but are not limited to, community recreation programming, community athletic programming, camp administration, facility operation and management, special events, campus recreation, and fitness and wellness programming.

PROFESSIONAL GOLF MANAGEMENT CONCENTRATION

The Professional Golf Management (PGM) Concentration provides a unique educational background for students who desire to become PGA professionals. Students obtain specialized knowledge and skills which prepare them to become leaders in the golf industry. The PGM Concentration combines academics, career training, and extensive internship experience to develop well-rounded, service-oriented professionals who can meet and respond to the personal as well as business management requirements of golf programs and facilities.

Therapeutic Recreation Concentration

The Therapeutic Recreation (TR) Concentration prepares students for exciting careers working with people with disabilities in a variety of settings, including community-based recreation agencies, camps, children’s hospitals, psychiatric and physical rehabilitation hospitals, and assisted-living facilities, to name a few. Therapeutic Recreation consists of the delivery of recreation services designed to enhance participants’ leisure experiences, quality of life, and functional capabilities. Students who complete these requirements will be eligible to sit for an examination to become a Certified Therapeutic Recreation Specialist (CTRS).

TRAVEL AND TOURISM CONCENTRATION
The Travel and Tourism (T&T) Concentration prepares students for interesting and challenging careers working in one of the world’s most diverse and dynamic industries. Students in this concentration are introduced to issues pertaining to the management, planning, and promotion of places and events such as tourist attractions. The program is designed to provide an understanding of the linkages that exist between local communities, their populations, and various public, private, and special interest groups. Students in Travel and Tourism can pursue careers in private sector enterprises, government agencies, convention and visitor bureaus, as well as other tourism-affiliated organizations.
