The Teacher Education Programs prepare teachers, provide professional services to education in South Carolina, and carry out basic and applied research in education. Curricula provide a broad general education through liberal arts and science courses, develop depth of knowledge in the teaching area, gain an understanding of the historical, philosophical, and psychological backgrounds of American education, and acquire knowledge of and skill and experience in effective teaching techniques.

The Teacher Education Programs are accredited by the National Council for the Accreditation of Teacher Education (NCATE) for the preparation of educational personnel in South Carolina in the following undergraduate programs: Early Childhood, Elementary, Special Education, and secondary school programs in Agriculture, English, Mathematics, Science, and Social Studies.

Criminal Records Check
A criminal record could prevent a person enrolled in a teacher education program in South Carolina from being certified as a teacher in this state in accordance with State Board of Education guidelines.

Section 59-25-115 of the South Carolina Code of Laws specifies that before beginning the full-time clinical teaching experience in South Carolina, a teacher education candidate shall undergo a state criminal records check by the South Carolina Law Enforcement Division (SLED) and a national criminal records check supported by fingerprints by the Federal Bureau of Investigation (FBI). The applicant is responsible for the cost associated with the FBI background checks. Information reported relative to prior arrests or convictions will be reviewed by the State Department of Education, and the State Board of Education when warranted, according to board guidelines. A teacher education candidate with prior arrests or convictions of a serious nature that could affect his/her fitness to teach in the public schools of South Carolina may be denied the opportunity to complete the clinical teaching experience, and thus affect eligibility for initial teacher certification. An individual who is denied this opportunity as a result of prior arrests or convictions, after one year, may request reconsideration under guidelines established by the State Board of Education.

The criminal records check will be handled through the Office of Teacher Certification at the South Carolina State Department of Education, and will be considered phase one of a person’s application for a teaching credential. Provided the criminal records check is conducted within 18 months of the time the teacher candidate formally applies for a teaching certificate, the fingerprinting will not have to be repeated at the time of application. A graduate of a teacher education program applying for initial teacher certification must have completed the FBI fingerprint process within 18 months of formally applying for initial teacher certification or the fingerprint process must be repeated. The background check normally requires six (6) to eight (8) weeks to process. If the fingerprint card cannot be processed, the South Carolina State Department will inform the individual that it will be necessary to complete another fingerprint card and submit it to their office as soon as possible.

Admission
Professional—Application to the professional level of a program will be processed during the term in which a student is to complete 45 semester hours of work. At that time, the student will be notified of his/her status by the College’s Academic Advising Center. Prior to admission, the student must have passed all areas of the Praxis I Pre-Professional Skills Test (PPST) and have a minimum cumulative grade-point ratio of 2.5. A student may exempt the PPST by meeting minimum ACT or SAT requirements as determined each year by the South Carolina Department of Education.

Directed Teaching/Teaching Internship (Secondary)—A student shall apply to the field experience director prior to the semester in which block method courses are to be scheduled. The following conditions must be met prior to registration for directed teaching: (1) admission to the professional level of a program; (2) completion of at least 95 semester hours; (3) a minimum cumulative grade-point ratio of 2.5. Students with a grade-point ratio of 2.25 to 2.5 may appeal to the Chair of Teacher Education, but exceptions are not common.

Enrollment in Professional Courses
Enrollment in 400-level professional education courses is contingent upon admission to the professional level as described above. Any student who desires to enroll in education courses must meet the cumulative grade-point requirements established for education majors. Appeals to continue taking classes may be made to the Chair of Teacher Education, but exceptions are not common.

Change of Major
Changing majors into Education is highly competitive and limited in Early Childhood Education and somewhat competitive and limited in Elementary Education, Secondary Education—Social Studies, and Secondary Education—English. The process involves a formal application and an essay. Requests for a change of major application can be made at the Health, Education and Human Development Academic Advising Center in 309 Edwards Hall and should be accompanied by an appointment with an advisor. Students wishing to change into any education major must have a minimum grade-point ratio of 2.5.

Graduation
To graduate, a student must have scores for all state-mandated certification exams on file with the Academic Advising Center in the College of Health, Education and Human Development. As of July 2006, students must pass all required Praxis II tests, including PLT (Principles of Learning and Teaching), before receiving recommendation for certification.

Graduate Study
Clemson University offers programs leading to the Master of Arts in Teaching, Master of Education, Master of Human Resource Development, Specialist in Education, and Doctor of Philosophy degrees.
AGRICULTURAL EDUCATION

Bachelor of Science
The College of Health, Education and Human Development and the College of Agriculture, Forestry and Life Sciences conduct a cooperative program to produce agricultural teachers (grades 9–12) for South Carolina. See page 41 for the curriculum.

EARLY CHILDHOOD EDUCATION

Bachelor of Arts
The Early Childhood Education curriculum prepares students for teaching positions on the pre-kindergarten and primary levels (Pre-K-3).

Freshman Year
First Semester
2 - ED 105 Orientation to Education
3 - HIST 173 The West and the World II
3 - MTHSC 101 Essential Math. for Informed Soc.
3 - Foreign Language Requirement
4 - Natural Science Requirement
1 - Elective
16
Second Semester
3 - A A H 210 Intro. to Art and Architecture
3 - COMM 150 Intro. to Human Comm. or COMM 250 Public Speaking
3 - ENGL 103 Accelerated Composition
3 - MTHSC 117 Mathematics for Elementary School Teachers I
3 - Foreign Language Requirement
15
Sophomore Year
First Semester
3 - ED EC 220 Family, School, and Community Relations
3 - GEOG 103 World Regional Geography
3 - MTHSC 118 Mathematics for Elementary School Teachers II
3 - Arts and Humanities (Literature) Requirement
4 - Natural Science Requirement
16
Second Semester
3 - ED F 302 Educational Psychology
1 - ED F 334 Child Growth and Development
1 - PSYCH 201 Introduction to Psychology
1 - Music Requirement
1 - Science and Tech. in Society Requirement
16
Junior Year
First Semester
3 - CTE 310 Designing Creative Instruction
3 - ED EC 336 Social Development of Infants and Young Children
3 - ED F 301 Principles of American Education
3 - ED SP 370 Introduction to Special Education
3 - Elective

3 - READ 459 Teaching Reading in the Early Grades: K–3
19
Second Semester
12 - ED EC 484 Directed Teaching in Early Childhood Education
12
124 Total Semester Hours

Second Semester
1 - ED F 405 Social Justice and 21st Cen. Learners
2 - ED F 452 Elem. Methods in Math. Teaching
2 - ED F 467 Prin. and Strat. for Teaching Engl. Speakers of Other Lang., in Elem. Classrooms
1 - ED F 425 Instructional Technology Strategies
3 - READ 462 Reading and Responding to Literature in the Elementary School
3 - READ 463 Teaching Reading and Writing to English Language Learners

ELEMENTARY EDUCATION

Bachelor of Arts
The Elementary Education curriculum prepares students for teaching on the elementary school level (grades 2–6). Students select one of two Emphasis Areas: Literacy, Culture and Diversity; or Mathematics and Science.

LITERACY, CULTURE AND DIVERSITY EMPHASIS AREA

Freshman Year
First Semester
4 - BIOL 109 Introduction to Life Science
2 - ED 105 Orientation to Education
3 - GEOG 103 World Regional Geography
3 - MTHSC 115 Contemporary Mathematics for Elementary School Teachers I
3 - Foreign Language Requirement

15

Bachelor of Science
The program leading to a Bachelor of Science degree in Mathematics Teaching is designed for students planning to teach mathematics on the secondary school level (grades 9-12). (Note: The program leading to a Bachelor of Arts degree in Secondary Education with a Teaching Area of Mathematics is also designed for students planning to teach mathematics on the secondary school level.) To be recommended for certification, students must earn a grade of C or higher in all mathematics content courses.

Freshman Year
First Semester
4 - CH 105 Chemistry in Context I
2 - ED EL 105 Orientation to Education
4 - MTHSC 106 Calculus of One Variable I
3 - PHIL 102 Introduction to Logic
3 - Cross-Cultural Awareness Requirement
16
Second Semester
4 - CH 106 Chemistry in Context II
3 - ENGL 103 Accelerated Composition
4 - MTHSC 108 Calculus of One Variable II
3 - Science Requirement
17

Sophomore Year
First Semester
3 - COMM 150 Intro. to Human Comm. or 3 - COMM 250 Public Speaking
3 - EDSEC 226 A Prof. Approach to Sec. Algebra
4 - MTHSC 206 Calculus of Several Variables
3 - PHYS 122 Physics with Calculus I
1 - PHYS 124 Physics Lab. I
3 - Arts and Humanities (Literature) Requirement
17
Second Semester
3 - ECON 200 Economic Concepts or 3 - ECON 211 Principles of Microeconomics
3 - ED F 302 Educational Psychology
1 - ED F (CTE) 315 Technology Skills for Learning
4 - MTHSC 208 Intro. to Ordinary Diff. Equations
3 - MTHSC 311 Linear Algebra
3 - PHYS 221 Physics with Calculus II
1 - PHYS 223 Physics Lab. II
18

First Semester
3 - ENGL 212, 213, 214 or 215
2 - Select from courses in ASTR, BIOL, BIOSC, CH, GEOL, PHYS, EN SP, ENT, FOR, F N R, GEN, GEOL or PHYS courses chosen in conjunction with advisor.
2 - Any ASTR, BIOL, BIOSC, CH, EN R, EN SP, ENT, FOR, F N R, GEN, GEOL or PHYS courses chosen in conjunction with advisor.
5 - EDSEC 446 and 456 must be taken concurrently. Offered currently during fall semester.
110
SCIENCE TEACHING

The programs leading to a Bachelor of Arts or Bachelor of Science degree in Science Teaching are designed for students planning to teach biological sciences, chemistry, earth sciences, or physical sciences on the secondary school level (grades 9–12). To be recommended for certification, students must earn a grade of C or higher in all science content courses.

Double Major in Science Teaching/Biological Sciences

The Bachelor of Arts degree in Science Teaching–Biological Sciences offers a double major in Science Teaching and Biological Sciences. This program prepares students for teaching science on the secondary school level and graduate studies in any of the life science areas.

TEACHING AREA:

BIOLOGICAL SCIENCES

Bachelor of Arts

Freshman Year

First Semester
3 - BIOL 103 General Biology I and 1 - BIOL 105 General Biology Lab. I or 5 - BIOL 110 Principles of Biology 4 - CH 101 General Chemistry 2 - ED 105 Orientation to Education 3 - MTHSC 106 Calculus of One Variable I 3 - Foreign Language Requirement 1 17-18

## Bachelor of Arts

### TEACHING AREA: CHEMISTRY

#### Freshman Year

**First Semester**
- C1 101 General Chemistry
- C1 141 Chemistry Orientation
- ENGL 103 Accelerated Composition
- MTHSC 106 Calculus of One Variable I
- Foreign Language Requirement

**Second Semester**
- C1 102 General Chemistry
- C1 152 Chemistry Communication I
- MTHSC 108 Calculus of One Variable II
- PHYS 122 Physics with Calculus I
- PHYS 124 Physics Laboratory I
- Foreign Language Requirement

#### Sophomore Year

**First Semester**
- CH 223 Organic Chemistry
- CH 227 Organic Chemistry Laboratory
- ED 105 Orientation to Education
- HIST 122 History, Technology and Society
- HIST 124 Environmental History Survey
- PHYS 221 Physics with Calculus II
- PHYS 223 Physics Laboratory II
- Arts and Humanities (Non-Lit.) Requirement

**Second Semester**
- CH 224 Organic Chemistry
- CH 288 Organic Chemistry Laboratory
- ED F 301 Principles of American Education
- ED F 315 Technology Skills for Learning
- PHYS 222 Physics with Calculus III
- PHYS 224 Physics Lab. III

#### Junior Year

**First Semester**
- BIOL 106 General Biology I and
- BIOL 106 General Biology Laboratory I or
- BIOL 110 Principles of Biology I
- CH 317 Quantitative Analysis
- CH 317 Quantitative Analysis Laboratory
- CH 330 Introduction to Physical Chemistry
- EDSEC 327 Practicum in Secondary Science

**Second Semester**
- BIOL 104 General Biology II and
- BIOL 106 General Biology Laboratory II or
- BIOL 111 Principles of Biology II
- BIOSC 482 Laboratory Techniques for Teaching Science
- ED F 302 Educational Psychology
- ED F 335 Adolescence Growth and Develop.
- Statistics Requirement*

#### Senior Year

**First Semester**
- ED SP 370 Introduction to Special Education
- EDSEC 427 Teaching Secondary Science†
- GEOG 103 World Regional Geography
- READ 498 Secondary Content Area Reading‡
- Arts and Humanities (Literature) Requirement†

**Second Semester**
- CH 450 Chemistry Capstone
- CH 452 Chemistry Communication II
- EDSEC 447 Teaching Internship in Sec. Sci.
- EDSEC 457 Sec. Science Capstone Seminar
- 123–125 Total Semester Hours

- Two semesters (through 202) in any modern foreign language or American Sign Language are required.
- See General Education Requirements.
- EX ST 301, MTHSC 203, 301, or 309
- To be taken the semester prior to EDSEC 447 and 457. EDSEC 427 and READ 498 must be taken concurrently. Offered fall semester only.
- EDSEC 447 and 457 must be taken concurrently. Offered spring semester only.

### Bachelor of Science

#### Sophomore Year

**First Semester**
- BIOL 110 Principles of Biology I or
- BIOL 104 General Biology II and
- BIOL 106 General Biology Lab. II
- CH 205 Intro. to Inorganic Chemistry
- ED F 301 Principles of American Education
- ED F (CTE) 315 Technology Skills for Learning
- PHYS 222 Physics with Calculus III
- PHYS 224 Physics Lab. III

**Second Semester**
- BIOL 111 Principles of Biology II or
- BIOL 104 General Biology II and
- BIOL 106 General Biology Lab. II
- CH 222 Laboratory Techniques for Teaching Science
- BIOL 111 Principles of Biology II
- BIOL 106 General Biology Lab. II
- BIOL 105 General Biology Lab. I
- BIOL 104 General Biology II

#### Junior Year

**First Semester**
- ASTR 104 Stellar Astronomy Lab.
- ASTR 102 Stellar Astronomy
- CH 317 Quantitative Analysis
- ED F 302 Educational Psychology
- EDSEC 327 Practicum in Secondary Science
- Arts and Humanities (Literature) Requirement†

**Second Semester**
- BIOSC 482 Lab. Techniques for Teaching Sci.
- CH 330 Introduction to Physical Chemistry
- ED F 335 Adolescence Growth and Development
- Social Science Requirement‡
- Statistics Requirement†

#### Senior Year

**First Semester**
- ED SP 370 Introduction to Special Education
- EDSEC 427 Teaching Secondary Science†
- PHIL 326 Science and Values
- PHIL 325 Philosophy of Science
- PHIL 324 Philosophy of Technology
- EDSEC 427 Teaching Secondary Science

**Second Semester**
- BIOSC 482 Lab. Techniques for Teaching Sci.
- CH 330 Introduction to Physical Chemistry
- ED F 335 Adolescence Growth and Development
- Statistics Requirement†

---

*One lecture and associated laboratory must be completed for both animal diversity (BIOSC 302/306 or 303/307) and for plant diversity (BIOSC 304/308 or 305/309).

†To be taken the semester prior to EDSEC 447 and 457. EDSEC 427 and READ 498 must be taken concurrently. Offered fall semester only.

‡EDSEC 447 and 457 must be taken concurrently. Offered spring semester only.
### TEACHING AREA: ENGLISH

**Bachelor of Arts**

**Freshman Year**

**First Semester**
- COMM 150 Intro. to Human Communication
- COMM 250 Public Speaking
- ED 105 Orientation to Education
- ENGL 103 Accelerated Composition

SPECIAL EDUCATION
Bachelor of Arts
The Bachelor of Arts degree in Special Education prepares students to teach individuals with mild disabilities in grades K–12. The curriculum is designed to meet the competencies outlined by the Council for Exceptional Children for beginning special education teachers. Students completing the program receive instruction and practical experiences that lead to Multi-Categorical Special Education Certification in South Carolina.

HEALTH SCIENCE

Bachelor of Science
The Department of Public Health Sciences prepares students for careers in the health field, one of the largest industries in the United States. It includes hospitals and other medical service providers, public health organizations, health insurance companies, health/medical related sales, health fitness organizations, and community and nonprofit health agencies.

Plans of study can be arranged in health promotion and education, health services administration, leadership for cardiovascular technology, and preprofessional health studies. Students in the Promotion and Education Concentration have the skills to assess, plan, communicate, implement, manage, and evaluate public health promotion programs. Students in the Preprofessional Health Studies Concentration obtain the coursework and experience necessary for acceptance into various graduate programs in clinical health professions. The Leadership for Cardiovascular Technology concentration provides a core of health science classes, training in diagnostic cardiovascular sonography, and a leadership certificate. The Health Services Administration Concentration allows students to develop skills and competencies in health administration/management for entry-level careers or graduate study in this area. A minor in Business Administration is integral to the concentration. The department, in cooperation with the College of Architecture, Arts and Humanities, also offers a joint Bachelor of Science degree in Language and International Health (see page 67).

When space is available, students with fewer than 50 credit hours earned may apply for a change of major into Health Science with a minimum cumulative grade-point ratio of 2.25. Students with 50 or more credit hours may apply for a change of major into Health Science when space is available based on the following restrictions:

- completion of the Health Science Mathematics and Statistics Requirements and the General Education Natural Science Requirement
- minimum cumulative grade-point ratio of 2.5
- submission of a 1–3-page document detailing why the applicant desires to major in Health Science and how this major would support his/her career goals

Additional information is available at www.hehd.clemson.edu/PublicHealth/index.htm.

1 - BIOL 105 General Biology Lab. I
5 - BIOL 110 Principles of Biology I
3 - HLTH 202 Introduction to Public Health
3 - PSYCH 201 Introduction to Psychology
3 - SOC 201 Introduction to Sociology
1 - Elective
14-15

Second Semester
3 - ENGL 103 Accelerated Composition
3 - HLTH 203 Overview of Health Care Systems
3 - Mathematics Requirement
3 - Social Science Requirement
4 - Elective
16-17

Sophomore Year

First Semester
4 - CH 101 General Chemistry
4 - CH 105 Chemistry in Context I
3 - HLTH 298 Human Health and Disease
3 - NUTR 203 Principles of Human Nutrition
3 - Guided Requirement
3 - Statistics Requirement
16

Second Semester
4 - CH 102 General Chemistry
4 - CH 106 Chemistry in Context II
3 - COMM 150 Intro. to Human Comm. or
3 - COMM 250 Public Speaking
3 - HLTH 240 Determinants of Health Behavior
3 - HLTH 308 Epidemiology
3 - Guided Requirement
15

Senior Year

First Semester
5 - HLTH 420 Health Science Internship
6 - Health Requirement
3 - Elective
14

Second Semester
4 - BIOSC 222 Human Anatomy and Phys. I
3 - HLTH 303 Public Health Communication
3 - HLTH 340 Hlth. Promotion Program Planning
3 - HLTH 380 Epidemiology
3 - Guided Requirement
15

1 - Elective

Two semesters (through 202) in the same modern foreign language (including American Sign Language) are required.

See General Education Requirements. Eight credit hours must be in a sequence. Biological and physical sciences must be represented. PH SC 107, 108, and BIOL 109 are recommended.

ENGL 212, 213, 214, or 215

See General Education Requirements.

ED EL 458, ED SP 372 and 374 must be taken concurrently during the fall semester of junior year.

HIST 101, 102, 121, 173, or 193

ED EL 451, ED SP 372, and 491 must be taken concurrently during the spring semester of the junior year.

ED F 425, ED SP 492, 493, 494, 496, and 497 must be taken concurrently during the fall semester of the senior year.

ED SP 495 and 498 must be taken concurrently during the spring semester of the senior year.

College of Health, Education and Human Development
**HEALTH SERVICES ADMINISTRATION CONCENTRATION**

### Freshman Year

**First Semester**
- ECON 211 Principles of Microeconomics
- HLTH 202 Introduction to Public Health
- Natural Science Requirement\(^1\)
- Social Science Requirement\(^2\)
- Elective

**Second Semester**
- ECON 212 Principles of Macroeconomics
- ENGL 103 Accelerated Composition
- HLTH 203 Overview of Health Care Systems
- Guided Requirement\(^3\)
- Mathematics Requirement\(^4\)

**Sophomore Year**

**First Semester**
- ACCT 201 Financial Accounting Concepts
- C R D (AP EC, HLTH) 361 Introduction to Health Care Economics
- HLTH 298 Human Health and Disease
- Health Requirement\(^5\)
- Statistics Requirement\(^6\)

**Second Semester**
- COMM 150 Intro. to Human Comm. or
- COMM 250 Public Speaking
- HLTH 240 Determinants of Health Behavior
- MGT 201 Principles of Management
- Guided Requirement\(^3\)
- Social Science Requirement\(^2\)

**Junior Year**

**First Semester**
- HLTH 380 Epidemiology
- LAW 322 Legal Environment of Business
- MKT 301 Principles of Marketing
- Guided Requirement\(^3\)
- Elective

**Second Semester**
- HLTH 419 Health Science Internship
- HLTH 420 Health Service Internship\(^7\)
- HLTH 440 Managing Health Service Org.
- HLTH 460 Health Information Systems

**Senior Year**

**First Semester**
- FIN 306 Corporation Finance
- HLTH 475 Principles of Health Care Operations Management and Research
- HLTH 478 Health Policy Ethics and Law
- HLTH 479 Financial Management and Budgeting for Health Service Organizations
- Arts and Humanities (Non-Lit.) Requirement\(^2\)
- Guided Requirement\(^3\)

**Second Semester**
- HLTH 475 Principles of Health Care Operations Management and Research
- HLTH 478 Health Policy Ethics and Law
- HLTH 479 Financial Management and Budgeting for Health Service Organizations
- Arts and Humanities (Non-Lit.) Requirement\(^2\)
- Guided Requirement\(^3\)

### Administration

*Any HLTH course not otherwise required

*Internship may be done fall, spring, or summer after completing HLTH 419. A grade-point ratio of 2.0 is required for registration.

### Notes:
- A minimum grade-point ratio of 2.0 is required for registration in each HLTH course.
- Students who wish to pursue preprofessional options should take CH 101 and 102.

---

**LEADERSHIP FOR CARDIOVASCULAR TECHNOLOGY CONCENTRATION**

### Freshman Year

**First Semester**
- BIOL 105 General Biology I and
- BIOL 106 General Biology Lab. I or
- BIOL 110 Principles of Biology I
- CH 101 General Chemistry
- HLTH 202 Introduction to Public Health
- Social Science Requirement\(^1\)

**Second Semester**
- BIOL 104 General Biology II
- BIOL 105 General Biology Lab. II or
- BIOL 111 Principles of Biology II
- CH 102 General Chemistry
- ENGL 103 Accelerated Composition
- HLTH 203 Overview of Health Care Systems
- Mathematics Requirement\(^4\)

**Sophomore Year**

**First Semester**
- BIOSC 222 Human Anatomy and Phys. I
- CVT 225 Ultrasound Physics
- HLTH 298 Human Health and Disease
- PHY 207 General Physics I
- PHY 209 General Physics I Laboratory
- Statistics Requirement\(^1\)

**Second Semester**
- BIOSC 223 Human Anatomy and Physiology II
- COMM 150 Intro. to Human Communication or
- COMM 250 Public Speaking
- CVT 226 Intro. to Cardiovascular Sonography
- HEHD 400 Intro. to Leadership Theories and Concepts
- HLTH 240 Determinants of Health Behavior

**Junior Year**

**First Semester**
- CVT 325 Echocardiography Principles
- CVT 335 Vascular Sonography Principles
- HLTH 380 Epidemiology
- Arts and Humanities (Literature) Requirement\(^1\)

**Second Semester**
- CVT 326 Echocardiography Methods
- CVT 336 Vascular Sonography Methods
- HEHD 410 Leadership Behav. and Civil Engage.
- HLTH 490 Research and Evaluation Strategies for Public Health
- Arts and Humanities (Non-Lit.) Requirement\(^2\)

**Summer**
- CVT 424 CVS Field Experience I

### PREPROFESSIONAL HEALTH STUDIES CONCENTRATION**

### Freshman Year

**First Semester**
- BIOL 103 General Biology I and

LANGUAGE AND INTERNATIONAL HEALTH
Bachelor of Science
The Language and International Health program is administered by the College of Architecture, Arts and Humanities and the College of Health, Education and Human Development. See page 67 for the curriculum.

NURSING
Bachelor of Science
The Bachelor of Science degree program in Nursing prepares students for professional nursing practice in a variety of settings, such as hospitals, industry, clinics, and public health agencies. During the first two years, emphasis is on liberal arts and basic science courses arranged to provide a foundation for the nursing major. Junior and senior courses emphasize the study of nursing. Clinical nursing experiences, guided by the Nursing faculty, involve acute and community-based settings. Students are responsible for their own transportation to clinical laboratory experiences, which may extend throughout the Upstate.

Throughout the clinical laboratory period, Nursing majors are required to carry current, valid student nurses’ professional liability insurance with minimum limits of liability of $1,000,000 per occurrence and $6,000,000 in aggregate. Documentation of such coverage must be provided to the Director of the School of Nursing. No student may participate in clinical learning activities without this insurance coverage.

To comply with clinical agency contract requirements and South Carolina law, students enrolled in nursing courses with a clinical laboratory must meet specific requirements listed in the School of Nursing Student Handbook at www.clemson.edu/hehd/nursing.

The School of Nursing programs are accredited by the CCNE (Commission on Collegiate Nursing Education), One Dupont Circle NW, Suite 530, Washington, DC 20036-1120.

Entrance Requirements
To facilitate admission of students who can achieve at an appropriate level in the program, admission is selective. Consideration is given to performance in secondary school and on the College Board Examination (SAT). Those seeking admission are advised to apply to the University early in the fall of the senior year in high school.

Transfer admission is competitive. Students are encouraged to apply early to the Office of Admissions. The University admits ten new transfer students to the Nursing major during the fall semester only. Potential students should have a minimum grade point ratio of 3.0 and completion of 30 semester hours of transferable courses. Placement in the Nursing curriculum will be determined after credit evaluation is completed.

Students may change majors into Nursing based on approval of an Admissions Committee. In the School of Nursing, Applications are accepted each year during January with a deadline of January 31. Decisions are made by February 28. Change-of-major students will have a start date of the following January into upper division (junior-level) nursing courses. Applicants should meet the following requirements prior to the semester of application: a minimum cumulative grade-point ratio of 2.75, completion of a minimum of two required sciences in the Nursing curriculum with a C or better. Selection priority is based on grade-point ratio and number of completed nursing prerequisites. Students are allowed to apply only twice.

Detailed information is available from the Academic Advising Center in 309 Edwards Hall or at www.clemson.edu/hehd/nursing.

Freshman Year
First Semester
3 - BIOL 103 General Biology I
1 - BIOL 105 General Biology Lab. I
3 - COMM 150 Intro. to Human Comm. or
3 - COMM 250 Public Speaking

6. NURS 410 Leadership Management and Nursing Care Practicum
5. NURS 414 Community Health Nursing and Health Promotion or
4. NURS 415 Community Health Nursing
15-16

123 or 125 Total Semester Hours

Students scoring 2 or below on the CMPT must take MTHSC 101 as a prerequisite for CH 101 during this semester.

See General Education Requirements.

This requirement is satisfied by another course in the curriculum, elective hours may be substituted.

Students enrolled at the University Center of Greenville will substitute NURS 414 for NURS 311 and 415.

Registered Nurse BS Completion Program
The RN/BS curriculum offers an individualized study option for the registered nurse to obtain a baccalaureate degree in Nursing. Credits may be earned through an accelerated program of study, combining transfer credits for selected courses from accredited institutions of higher learning, credit by examination for previously completed nursing courses, and enrollment in courses at Clemson University. Qualified students may take up to six hours of graduate courses towards the master’s degree in Nursing. Registered nurses interested in pursuing a baccalaureate degree should contact the School of Nursing for curriculum requirements. This program is offered at the University Center of Greenville.

124 Total Semester Hours

1See advisor.
2MTHSC 203 or other course approved by department.
3See General Education Requirements. Three of these credit hours must also satisfy the Cross-Cultural Awareness Requirement.

This course is exempt if the student achieves a B or better in NURS 406.

ENGL 304, 314, or 315

Students must achieve a C or better in all required science and nursing courses.

2. A minimum grade-point ratio of 2.5 is required in all nursing courses for progression to the next level. Students may repeat a nursing course one time only. A student who does not maintain a 2.5 or better GPR in the curriculum will not be permitted to continue in the Nursing major.
3. Students must pass didactic and clinical components to pass all clinical courses.

PARKS, RECREATION AND TOURISM MANAGEMENT
Bachelor of Science
The Department of Parks, Recreation and Tourism Management prepares students for a variety of careers in public and private leisure services. The curriculum provides a broad exposure to the management of leisure service programs and resources, such as those for municipalities, institutions, voluntary and youth-serving agencies, management positions within the travel and tourism industry and as resource managers of local, state, and federal parks and related lands and waters.

The curriculum allows students to select from five concentrations. This latitude permits accommodation of each student’s career objectives in positions in community recreation, sport management, recreation programming, cultural arts management, commercial recreation, wilderness management, nature interpretation, park management, historic site management, rehabilitation services, leisure counseling, camp administration, recreation therapy, programs for people with disabilities or senior citizens, travel industry, resort management, convention and visitor bureaus, theme parks, community tourism, and special event/festival planning, to name a few.

120
The Parks, Recreation and Tourism Management program is accredited by the National Council on Accreditation (National Recreation and Park Association/Council on Postsecondary Accreditation). Graduates are immediately eligible to apply to become "Certified Park and Recreation Professionals," a valuable credential for professional advancement.

When space is available, a student may change majors to one of the degree concentrations in the Department of Parks, Recreation and Tourism Management with a 2.0 cumulative grade-point ratio and approval of the department chair or his/her designee. Students are encouraged to speak with the PRMT advisor about changing their major prior to the start of their sophomore year to avoid a delay in graduation due to course sequencing and course prerequisite requirements.

Graduate degrees offered are Master of Parks, Recreation and Tourism Management; Master of Science; and Doctor of Philosophy.

COMMUNITY RECREATION, SPORT AND CAMP MANAGEMENT CONCENTRATION

The Community Recreation, Sport and Camp Management (CRSCM) Concentration prepares students for careers in community recreation, amateur athletics, and camp management by developing theoretical, conceptual, and applied knowledge bases necessary for success in its diverse field. The focus of this program is on community, family, and individual development. Career opportunities include, but are not limited to, community recreation programming, community athletic programming, camp administration, facility operation and management, special events, campus recreation, and fitness and wellness programming.

PARK AND PROTECTED AREA MANAGEMENT CONCENTRATION

Students in Park and Protected Area Management (PPAM) prepare for work as park rangers, planners, educators, law enforcement officers, and administrators of our nation’s federal, state, and county public lands that hold unique natural, cultural, and historic resources. PPAM focuses on helping visitors enjoy and appreciate parklands while protecting those resources for future generations. Besides taking coursework in PRMT, many students choose to complete a minor field of study in forest resource management, wildlife and fisheries biology, history, or anthropology.

TRAVEL AND TOURISM CONCENTRATION
The Travel and Tourism (T&T) Concentration prepares students for interesting and challenging careers working in one of the world’s most diverse and dynamic industries. Students in this concentration are introduced to issues pertaining to the management, planning, and promotion of places and events such as tourist attractions. The program is designed to provide an understanding of the linkages that exist between local communities, their populations, and various public, private, and special interest groups. Students in Travel and Tourism can pursue careers in private sector enterprises, government agencies, convention and visitor bureaus, as well as other tourism-affiliated organizations.

EX ST 222, 301, or MTHSC 203
See General Education Requirements.
A A H 210, MUSIC 210, REL 101, or 102
See advisor.
MINORS

Following are minors acceptable for students in the College of Health, Education and Human Development. Students cannot major and minor in the same field or acquire a minor that is not allowed by the degree program.

Accounting
Adult/Extension Education
Aerospace Studies
Agricultural Business Management
Agricultural Mechanization and Business
American Sign Language Studies
Animal and Veterinary Sciences
Anthropology
Architecture
Art
Athletic Leadership
Biochemistry
Biological Sciences—not open to Science Teaching—Biological Sciences or Secondary Education—Biological Sciences majors
Business Administration
Chemistry
Cluster
Communication Studies
Computer Science
Crop and Soil Environmental Science
Digital Production Arts
East Asian Studies
Economics—not open to Secondary Education: Social Studies—Economics majors
Education
English
Entomology
Entrepreneurship
Environmental Engineering
Environmental Science and Policy
Equine Business
Film Studies
Financial Management
Food Science
Forest Products
Forest Resource Management
Genetics
Geography
Geology
Global Politics
Great Works
History—not open to Secondary Education: Social Studies—History majors
Horticulture
International Engineering and Science
Legal Studies
Management
Management Information Systems
Mathematical Sciences—not open to Mathematics Teaching or Secondary Education—Mathematics majors
Microbiology
Military Leadership
Modern Languages—not open to Secondary Education—Modern Languages majors
Music
Natural Resource Economics
Nonprofit Leadership
Packaging Science
Pan African Studies
Park and Protected Area Management
Philosophy
Physics—not open to Science Teaching—Physical Sciences majors
