

COLLEGE OF BEHAVIORAL, SOCIAL AND HEALTH SCIENCES

Students in the College of Behavioral, Social and Health Sciences seek to understand and organize human behavior in a business, economic, and social context. The College promotes scholarship with broad awareness of the individual, cultural, political, and global levels and develops distinctive leaders in industry, higher education, professional and public service. The College includes the Departments of Communication; Health Science; Nursing; Parks, Recreation and Tourism Management; Political Science; Psychology; Sociology, Anthropology and Criminal Justice; and Youth Development Studies.

All Anthropology, Criminal Justice, Political Science, Psychology, and Sociology majors, and other non-majors taking 3000- and 4000-level courses offered by those departments, are required to pay a major and course fee that funds infrastructure and program enhancements associated with these majors. The fees are summarized at <http://www.clemson.edu/finance/student-financials/tuition-fees/index.html>.

Modern Language Requirement

A number of Clemson University degree programs require the completion of a modern language through a specific course level. Modern languages taught at Clemson University or accepted for transfer credit include American Sign Language, Arabic, Chinese, French, German, Italian, Japanese, Latin, Portuguese, Russian and Spanish. While many degree programs accept any of these modern languages for the requirement, certain programs may have specific modern language requirements. Students should consult their program's curriculum map for details.

BEHAVIORAL AND SOCIAL SCIENCE PROGRAMS

Bachelor of Arts degrees are offered in Anthropology, Criminal Justice, Political Science, Psychology, and Sociology. Bachelor of Science degrees are also offered in Anthropology, Criminal Justice, Political Science, Psychology, and Sociology. These programs are designed to meet the needs of students seeking a broad general education as preparation for intelligent citizenship, commercial and industrial life, government service, research, and teaching. These curricula also provide an excellent background for the study of law, journalism, and medicine.

To achieve depth as well as breadth in the educational experience, students select a major consisting of courses above the sophomore level. Students also choose a minor consisting of additional credit hours. Students should contact their advisor for additional information and approval before pursuing a minor. See page 93 for a list of acceptable minors.

Students in Bachelor of Arts programs who plan to teach in public schools may elect education courses required for certification by the South Carolina State Department of Education. Such courses are to be approved by their own department advisors.

ANTHROPOLOGY

Bachelor of Arts

The Anthropology BA major prepares students for a variety of professional careers related to human resources, international business, public relations, museum and park service interpretation, health services, and other people-oriented positions in the public and private sector. In addition, the degree provides excellent preparation for graduate training in anthropology, law, health care, and business. The degree requires a total of 124-125 semester hours, including 39 credit hours in anthropology as identified below. In addition, students take a modern language and nine additional hours of social science or humanities courses related to Anthropology (from a department-approved list). These additional courses provide students with a greater depth and broader diversity of interdisciplinary knowledge useful for the direct application of an anthropological perspective to potential career paths. Courses used to fulfill General Education Requirements and Departmental Social Science and Humanities courses may be used to fulfill minor requirements.

Students wishing to change majors into the Anthropology BA program must have a 2.0 or higher Clemson/Bridge cumulative grade-point average.

⁷Practicing Anthropology courses could include ANTH 4950, 4980, or an approved Field School, Internship, or Study Abroad experience.

ANTHROPOLOGY

Bachelor of Science

The Anthropology BS major prepares students for a variety of professional careers related to museum and park service interpretation, forensic science, health services, and other scientifically-oriented positions in the public and private sector. In addition, the Bachelor's degree provides excellent preparation for graduate training in anthropology, medicine, and human factors engineering. The degree requires a total of 124-125 semester hours, including 39 credit hours in anthropology as identified below. In addition, students take 15 hours of math and/or science courses (from a department-approved list). These additional courses provide students with a greater depth

and broader diversity of interdisciplinary knowledge useful for the direct application of an anthropological perspective to potential career paths. Courses used to fulfill General Education Requirements and Departmental Science and Math courses may be used to fulfill minor requirements.

Students wishing to change majors into the Anthropology BS program must have a 2.0 or higher Clemson/Bridge cumulative grade-point average.

COMMUNICATION

Bachelor of Arts

The Bachelor of Arts in Communication provides a thoroughly integrated yet individual degree program that prepares students for careers in business, government, and public sectors. In addition, the program provides a foundation for graduates who wish to pursue advanced degrees in the humanities, social sciences, business, and law. Through their coursework and extracurricular experiences, Communication majors develop a set of skills in oral, written, and visual communication that enables them to research, design, present, and evaluate messages across diverse contexts and from a variety of platforms, including social media and digital communication technology.

Students may change majors into the Communication program based on approval of a committee of faculty from the Department of Communication. The deadline for applying for a change of major during the fall semester is September 15, with decisions made by October 1. For spring semester changes of major, the deadline is February 15, with decisions made by March 1. The Department of Communication accepts a maximum of 30 changes of major per year. To qualify for acceptance, applicants should have completed 15 credit hours including ENGL 1030 and COMM 2010 (with a C or better). All students requesting a transfer into the Communication program must have a grade-point average of 2.5 or higher. An application form and a writing sample are also required. Detailed information is available from the Communication Department, 408 Strode Tower or the department website: <http://www.clemson.edu/cbshs/departments/communication>.

CRIMINAL JUSTICE

Bachelor of Arts

The Bachelor of Arts degree in Criminal Justice is an interdisciplinary degree that prepares students for a variety of professional careers related to law enforcement, social services and criminal investigation. In addition, the degree provides excellent preparation for graduate education in criminology and public policy. The major offers two concentrations: the General Concentration and Leadership Concentration. The General Concentration allows students to pursue a science-oriented education while still selecting from a wide variety of course options. The Leadership Concentration prepares students specifically for leadership or management roles in their field. The Criminal Justice degree requires a total of 121 credits, including 38 credits in classroom work on the topics of criminal and social justice as outlined in the curriculum. In addition, students take a modern language and nine additional credits of relevant social science or humanities courses. These additional courses provide students a greater depth and broader diversity of skills and knowledge useful for careers in these fields. Courses that fulfill General Education requirements and departmental social science and humanities courses may also fulfill minor requirements.

CRIMINAL JUSTICE

Bachelor of Science

The Bachelor of Science degree in Justice Studies prepares students for a variety of professional careers related to law enforcement, criminal justice and public policy. The major offers two concentrations: the General Concentration and Leadership Concentration. The General Concentration allows students to pursue a science-oriented education while still selecting from a wide variety of course options.

The Leadership Concentration prepares students specifically for leadership or management roles in their field. The Justice Studies degree requires a total of 121 credits, including 39 in relevant courses. In addition, students take 18 hours of math and/or science courses selected from a department-approved list. These additional courses provide students greater scientific literacy on topics relevant to the technical elements of criminal investigations and prepare students for graduate coursework. Courses that fulfill General Education requirements and departmental science and math courses may also fulfill minor requirements.

⁶JUST 4680, 4910, and 4930 may be taken in any order.

⁷Select from ANTH 4230, SOC 3510, 3600, 4140, 4330, 4600, and 4610.

HEALTH SCIENCE**Bachelor of Science**

The Department of Public Health Sciences prepares students for careers in the health field, one of the largest industries in the United States. It includes hospitals and other medical service providers, public health organizations, health insurance companies, health/medical related sales, health fitness organizations, and community and nonprofit health agencies.

Plans of study can be arranged in health promotion and behavior, health services administration, leadership for cardiovascular technology, and pre-professional health studies. Students in the Health Promotion and Behavior Concentration have the skills to assess, plan, communicate, implement, manage, and evaluate public health promotion programs. Students in the Preprofessional Health Studies Concentration obtain the coursework and experience necessary for acceptance into various graduate programs in clinical health professions. The Cardiovascular Imaging Leadership Concentration provides a core of health science classes and training in diagnostic cardiovascular sonography and leadership. The Health Services Administration Concentration allows students to develop skills and competencies in health administration/management for entry-level careers or graduate study in this area. A minor in Business Administration is integral to the concentration. The department, in cooperation with the College of Architecture, Arts and Humanities, also offers a joint Bachelor of Science degree in Language and International Health (see pages 63-64).

Entrance Requirements

To facilitate admission of students who can achieve at an appropriate level in the program, admission is selective. Applicants are reviewed by the Office of Admissions and consideration is given to performance in secondary school and on the College Board Examination (SAT). Those seeking admission are advised to apply to the University early in the fall of their senior year of high school.

Transfer admission is competitive. Students are encouraged to apply early to the Office of Admissions. The University admits ten new transfer students to the Health Science major during the fall semester only. Potential students should have a minimum grade point average of 3.0 and completion of 30 semester hours of transferable courses. Placement in the Health Science curriculum is determined after credit evaluation is complete.

Students may apply to change majors into Health Science with decisions based on available space and approval by the department advisory committee. Applications are accepted in the fall semester beginning on the first day of class with a deadline of the last day of classes. Accepted change-of-major students must be signed into the program by the academic advisor. Minimally, applicants must have a cumulative grade-point average of 2.25 with 49 or fewer earned credits or a 2.5 with 50 or more earned credits. Students with 50 or more earned credits must also have taken and passed the math requirement, statistics requirements and science requirement per the General Education requirements listed in the *Undergraduate Announcements*. Students are allowed to apply only twice. Detailed information is available in the Academic Advising Center located in 309 Edwards Hall.

LANGUAGE AND INTERNATIONAL HEALTH

Bachelor of Science

The Language and International Health program is administered by the College of Architecture, Arts and Humanities and the College of Behavioral, Social and Health Sciences. See pages 63-64 for the curriculum.

NURSING

Bachelor of Science

The Bachelor of Science degree program in Nursing prepares students for professional nursing practice in a variety of settings, such as hospitals, industry, clinics, and public health agencies. During the first two years, emphasis is on liberal arts and basic science courses arranged to provide a foundation for the nursing major. Junior and senior courses emphasize the study of nursing. Clinical nursing experiences, guided by the Nursing faculty, involve acute and community-based settings. Students are responsible for their own transportation to clinical laboratory experiences, which may extend throughout the Upstate.

Throughout the clinical laboratory period, Nursing majors are required to carry current, valid student nurses' professional liability insurance with minimum limits of liability of \$1,000,000 per occurrence and \$6,000,000 in aggregate. Documentation of such coverage must be provided to the Director of the School of Nursing. No student may participate in clinical learning activities without this insurance coverage.

To comply with clinical agency contract requirements and South Carolina law, students enrolled in nursing courses with a clinical laboratory must meet specific requirements listed in the *School of Nursing Student Handbook* at www.clemson.edu/hehd/nursing.

The School of Nursing programs are accredited by the CCNE (Commission on Collegiate Nursing Education), One Dupont Circle NW, Suite 530, Washington, DC 20036-1120.

Entrance Requirements

To facilitate admission of students who can achieve at an appropriate level in the program, admission is selective. Consideration is given to performance in secondary school and on the College Board Examination (SAT). Those seeking admission are advised to apply to the University early in the fall of the senior year in high school.

Transfer admission is competitive. Students are encouraged to apply early to the Office of Admissions. The University admits ten new transfer students to the Nursing major during the fall semester only. Potential students should have a minimum grade point average of 3.0 and completion of 30 semester hours of transferable courses. Placement in the Nursing curriculum will be determined after credit evaluation is completed.

Students may change majors into Nursing based on approval of an Admissions Committee in the School of Nursing. Applications are accepted each year during January with a deadline of January 31. Decisions are made by February 28. Change-of-major students will have a start date of the following January into upper division (junior-level) nursing courses. Applicants

should meet the following requirements prior to the semester of application: a minimum cumulative grade-point average of 2.75, completion of a minimum of two required sciences in the Nursing curriculum with a C or better. Selection priority is based on grade-point average and number of completed nursing prerequisites. Students are allowed to apply only twice. Information regarding the admission process to the Accelerated Second Degree nursing program can be found on the School of Nursing website.

Detailed information is available from the Academic Advising Center in 309 Edwards Hall or at www.clemson.edu/hehd/nursing.

4 - NURS 4150 Community Health Nursing⁴
- 15 or 16
- 124 or 125 Total Semester Hours

¹Students scoring below the designated score on the CMPT must take MATH 1010 as a prerequisite for CH 1010 during this semester.

²See General Education Requirements.

³Students enrolled at the University Center of Greenville may substitute CPSC 1200.

⁴Students enrolled at the University Center of Greenville will substitute NURS 4140 for NURS 3110 and 4150.

⁵If this requirement is satisfied by another course in the curriculum, elective hours must be taken to cover the credit hours.

Notes:

1. A minimum grade of a C is required in the following courses for progression to junior year clinical courses: BIOL 1030/1050, 2220, 2230, CH 1010, MICR 2050, 3050, MATH 1010, NUTR 2050, STAT 2300.
2. A minimum grade of C is required in all nursing courses.
3. To progress to junior-level nursing courses, students must have a minimum grade-point average of 2.5 and may not have received more than two final course grades of less than a C in the last five years.
4. A minimum nursing grade-point average of 2.5 must be achieved in all required nursing (NURS) courses for progression to the next level. The nursing GPA will include only NURS courses.
5. Students may repeat only one nursing course. Further, students may repeat that nursing course one time only. Withdrawing with a W from the course or applying Academic Forgiveness counts as an attempt. Students who are unsuccessful on the second attempt in a nursing course will be counseled to select another major and will not be permitted to continue in the Nursing program.
6. Students must pass didactic and clinical components to pass all clinical courses.

Registered Nurse BS Completion Program

The RN/BS curriculum offers an individualized study option for the registered nurse to obtain a baccalaureate degree in Nursing. Credits may be earned through an accelerated program of study, combining transfer credits for selected courses from accredited institutions of higher learning, credit by examination for previously completed nursing courses, and enrollment in courses at Clemson University. Qualified students may take up to six hours of graduate courses towards the master's degree in Nursing. Registered nurses interested in pursuing a baccalaureate degree

should contact the School of Nursing for curriculum requirements. This program is offered at the University Center of Greenville.

125 Total Semester Hours

¹STAT 3090 or 3300 may be substituted.

²See General Education Requirements. Three of these credit hours must also satisfy the Cross-Cultural Awareness Requirement.

³NURS 3340, 3510, 4160, or 4500.

⁴This course is exempt if the student achieves a B or better in NURS 4060.

Notes:

1. A minimum grade of C is required in the following courses to progress in the program: CH 1010, 1020, BIOL 1030, 1040, 1050, 1060, 2220, 2230, NUTR 2030, 2050, STAT 2300, and all courses with a NURS subject code.

2. A minimum grade-point average of 2.5 must be achieved in all required nursing (NURS) courses for progression to the next level. The nursing GPA will include all courses with a NURS subject code.

PARKS, RECREATION AND TOURISM MANAGEMENT

Bachelor of Science

The Department of Parks, Recreation and Tourism Management prepares students for a variety of careers in the public, private and non-profit sectors. The curriculum provides broad exposure to the knowledge, skills and abilities necessary to create, manage, lead and operate in organizations, agencies and businesses that provide leisure and leisure-related experiences, services, environments and therapeutic interventions. Students choose from one of five concentration areas: Community Recreation, Sport, and Camp Management (CRSCM); Parks and Conservation Area Management (PCAM); Professional Golf Management (PGM); Recreational Therapy (RT); and Travel and Tourism (T&T). These concentration areas offer the flexibility to accommodate each student's career objectives in positions in community recreation, community and campus-based sport/athletics management, event and experience planning and management, commercial recreation and tourism, park and conservation area management, interpretation and management of natural, historic, and cultural sites, rehabilitation services, recreational therapy, programs for people with disabilities, senior citizens or other special populations, camp administration, golf industry, travel industry, resort management, convention and visitor bureaus, conference and meeting planning, and community tourism development to name a few.

The Parks, Recreation and Tourism Management program is accredited by the Council on Accreditation of Parks, Recreation, Tourism and Related Professions (COAPRT). Therefore, our graduates are immediately eligible to apply to become National Recreation and Park Association (NRPA) "Certified Park and Recreation Professional (CPRP)," a valuable credential for professional development. Students choosing the Recreational Therapy option will also be qualified to sit for the Certified Therapeutic Recreation Specialist (CTRS) certification; and Professional Golf Management students will be in a position to complete the requirements to become a Class A Professional with the PGA of America.

When space is available, a student may change majors to one of the degree concentrations in the Department of Parks, Recreation and Tourism Management with a 2.0 cumulative grade-point average and approval of the department chair or his/her designee. Students are encouraged to speak with a PRTM advisor about changing their major prior to the start of their sophomore year to avoid a delay in graduation due to course sequencing and course prerequisite requirements.

Graduate degrees offered are Master of Science (Thesis option or Online/non-thesis option) and Doctor of Philosophy.

COMMUNITY RECREATION, SPORT AND CAMP MANAGEMENT CONCENTRATION

The Community Recreation, Sport and Camp Management (CRSCM) Concentration prepares students for careers in community recreation, community- and campus-based sport and athletic management, and camp management by developing theoretical, conceptual, and applied knowledge bases necessary for success in its diverse field. The focus of this program is on community, family, and individual development. Career opportunities include, but are not limited to, community- and campus-based recreation, athletic and amateur sport programming and administration, facility operation and management, special events, fitness/wellness programming, camp management, and non-profit recreation, sport and leisure service administration.

120 Total Semester Hours

¹See General Education Requirements and advisor. Clemson University requires a total of 33 credit hours of General Education, including two credits of Academic and Professional Development (satisfied by PRTM 2060 and 2070). Students must take at least 31 additional credits of General Education as outlined in the *Undergraduate Announcements* General Education section.

²Students select a total of 49 credits as follows:

Select 28 credits from AGRB 3520, 4080, CTE 3100, ECON 2110, ENR 3120, FDSC 3060, 3070, FOR 4270, 4330, GEOG 4300, HORT 2080, 3030, MGT 2010, NUTR 2030, 2100, 2160, PSYC 2010, SOC 2010; or any AL course; or any 2000-4000-level ACCT, HLTH, PRTM course; or any 3000-4000-level COMM, ECON, ED, EDC, EDF, ELE, FIN, HEHD, LAW, MGT, MKT, ML, NPL, POSC, PSYC, RS, or SOC course (except PRTM 2000, 2200, 2220, 2240, 2260, 2270, 2290, 3010).

Select 21 credits from PRTM 3050, 3070, 3210, 3250, 4210, 4510, 4550

PARK AND CONSERVATION AREA MANAGEMENT CONCENTRATION

Students in Park and Conservation Area Management (PCAM) prepare for work as park rangers, planners, educators, law enforcement officers, and administrators of our nation's federal, state, and county public lands that hold unique natural, cultural, and historic resources. PCAM focuses on helping visitors enjoy and appreciate parklands while protecting those resources for future generations. Besides taking coursework in PRTM, students study natural, cultural and historic resources by taking courses in related disciplines.

120 Total Semester Hours

¹See General Education Requirements and advisor. Clemson University requires a total of 33 credit hours of General Education, including two credits of Academic and Professional Development (satisfied by PRTM 2060 and 2070). Students must take at least 31 additional credits of General Education as outlined in the *Undergraduate Announcements* General Education section.

²Students select a total of 49 credits as follows:

PRTM Supporting coursework—21 credits selected from PRTM 3200, 3300, 4030, 4210, 4300, 4310, 4740

Leisure Skills coursework—LS 2780 and 2910; and two additional credits selected from any LS course.

Cultural Resources coursework—Three credits selected from any 2000–4000-level course in AAH, ANTH, ARCH, MUSC, or REL

Historical Resources coursework—Three credits selected from any 2000–4000-level HIST course.

Natural Resources coursework—Six credits selected from AGM 3010, ASTR 1010, 1020, PES 2020, RS 4010, SOC 4010, or any 2000–4000-level course in BIOL, ENT, GEOL, or WFB

Policy Planning and Law coursework—Three credits selected from ENR 4290, RS 4590, WFB 4300, or any 2000–4000-level course in CRP, LAW or POSC

Management and Administration coursework—Three credits selected from PRTM 3210, WS 2300, or any 2000–4000-level course in AGRB, MGT, MKT, or NPL

Geographic Information Systems coursework—Two credits selected from CRP 4300, ENR 4340, FOR 3080, 4330, 4340, GEOL 4210

PROFESSIONAL GOLF MANAGEMENT CONCENTRATION

The Professional Golf Management (PGM) Concentration provides a unique educational background for students who desire to become PGA professionals. Students obtain specialized knowledge and skills which prepare them to become leaders in the golf industry. The PGM Concentration combines academics, career training, and extensive internship experience to develop well-rounded, service-oriented professionals who can meet and respond to the personal as well as business management requirements of golf programs and facilities. Students must pass the Playing Ability Test to graduate with a concentration in Professional Golf Management.

122 Total Semester Hours

¹See General Education Requirements and advisor. Clemson University requires a total of 33 credit hours of General Education, including two credits of Academic and Professional Development (satisfied by PRTM 2060 and 2070). Students must take at least 31 additional credits of General Education as outlined in the *Undergraduate Announcements* General Education section.

²Students select a total of 40 credits as follows:

Select 31 credits from ACCT 2010, 2020, ECON 2110, 2120, FDSC 3070, FIN 3060, HORT 2120, 2130, LAW 3220, MGT 2010, MKT 3010

Select nine credits from ELE 3210, 4020, IE 4440, or any 3000–4000-level course in ACCT, ECON, FIN, MGT, or MKT

RECREATIONAL THERAPY CONCENTRATION

The Recreational Therapy (RT) Concentration prepares students for exciting careers working with people with disabilities in a variety of settings, including community-based recreation agencies, camps, children's hospitals, psychiatric and physical rehabilitation hospitals, and assisted-living facilities, to name a few. Recreational Therapy consists of the delivery of recreation services designed to enhance participants' leisure experiences, quality of life, and functional capabilities. Students who complete these requirements will be eligible to sit for an examination to become a Certified Therapeutic Recreation Specialist (CTRS). Students complete preceptorships at agencies in the upstate region of South Carolina during their junior year.

TRAVEL AND TOURISM CONCENTRATION

The Travel and Tourism (T&T) Concentration prepares students for interesting and challenging careers working in one of the world's most diverse and dynamic industries. Students in this concentration are introduced to issues pertaining to the management, planning, and promotion of destination attractions and events. The program is designed to provide an understanding of the linkages that exist between local communities, their populations, and various public, private, and non-profit special interest groups. Students in Travel and Tourism can pursue careers in private sector enterprises, government agencies, convention and visitor bureaus, as well as other tourism-affiliated organizations.

Students must take at least 31 additional credits of General Education as outlined in the *Undergraduate Announcements* General Education section.

²Students select a total of 49 credits as follows:

Select 34 credits from ACCT 2010, GEOG 4300, LAW 3220, MGT 2010, MKT 3010, PRTM 3430, 3440, 3450, 3460, 3490, 3920, 4460, 4300, 4470. NOTE: Credit will be given for only one of GEOG 4300, PRTM 4300 and PRTM 4470.

Select 15 credits from AGRB 3570, 3610, 4110, 4120, 4910, 4940, CE 4120, CHIN 4180, EDF 3200, ENR 4340, FDSC 3060, GW 3010, HUM 4560, IE 4440, JAPN 4170, LANG 4540, PSYC 2010, THEA 3470, 4300, 4470, WS 3160; or any 2000-4000-level course in PRTM (except PRTM 2000, 2200, 2220, 2240, 2260, 2270, 2290, 3010); or any 3000-4000-level

course in ACCT, COMM, ENGL, ELE, FIN, FR, GC, GEOG, GER, HIST, LAW, MATH, MGT, MKT, POSC, PSYC, RS, SOC, or SPAN. NOTE: Credit will be given for only one of GEOG 4300, PRM 4300 and PRM 4470.

POLITICAL SCIENCE

The Department of Political Science offers two degree programs: a Bachelor of Arts and a Bachelor of Science, requiring 120–121 credit hours. Both prepare students for a wide range of graduate programs and career opportunities. The Bachelor of Arts program provides broad coverage of the political science discipline and emphasizes communication skills and humanities. The Bachelor of Science program is recommended for those with an aptitude for mathematics and/or an interest in political economy, public administration, public policy, or other fields requiring advanced quantitative skills. Both programs are appropriate for pre-law students and for students interested in either American or global politics. Note that the Bachelor of Arts degree requires a minor, and the Bachelor of Science degree requires a field of concentration and, depending on the concentration, requires or allows a minor.

Bachelor of Arts

The requirements for a Bachelor of Arts degree in Political Science consist of POSC 1010, 1020 or 1040, 1030, 1990, 4990, and at least 24 additional credit hours in political science at the 3000–4000 level, including at least one course from each of the following fields:

American Government—POSC 4030, 4050, 4160, 4360, 4420

Comparative Politics—POSC 3710, 3720, 4660, 4710, 4760, 4770, 4780

International Relations—POSC 3610, 3620, 3630, 3750, 4290, 4470, 4480

Political Theory—POSC 4490, 4500, 4530, 4550

Public Policy and Public Administration—POSC 3020, 3210, 4210, 4230, 4240, 4300

The student's additional coursework in political science is chosen with the consent and advice of the departmental advisor to ensure an appropriate balance of breadth and specialization within the field of political science. In addition to the courses listed above, the department offers a wide range of specialized courses in each of the subfields of the political science discipline.

The Bachelor of Arts degree in Political Science also requires additional arts and humanities courses beyond the basic General Education Requirements.

Note: No more than three hours credit from POSC 3050, 3100, 3110, 3120, 3130, 4090, and 4100 may be applied toward a Political Science major.

PSYCHOLOGY

Psychology is the study of human and animal behavior and the biological, psychological, and social processes related to that behavior. The Bachelor's degree in Psychology prepares students for a variety of professional careers related to human resources, personnel, counseling, and other people-oriented positions in human services, business, and industry. Additionally, the Bachelor's degree provides excellent preparation for graduate training in such areas as clinical, counseling, industrial, experimental, cognitive, social, biological, health, developmental, and school psychology. The program also provides excellent preparation for students who intend to pursue professional training in

medicine, physical or occupational therapy, dentistry, pharmacy, veterinary science, or law. Further information is available at www.clemson.edu/psych/.

Change of Major into Psychology

Students who change majors into Psychology must have completed at least 12 credit hours at Clemson or in the Bridge Program and must have a 2.4 minimum Clemson/Bridge cumulative grade-point average.

Bachelor of Arts

The Bachelor of Arts program requires PSYC 2010, 2020, 3090, 3100, 4920, and 19 additional credits selected from PSYC 2750 and/or 3000-4000-level psychology courses arranged as follows:

At least six credits from **Biological and Cognitive** courses: PSYC 3240, 3330, 4220

At least three credits from each of the following:
Applied—PSYC 2750, 3640, 3680, 3830, 4350, 4560, 4800, 4880

Individuals and Groups—PSYC 3400, 3520, 3700

At least one credit from **Laboratory/Research** courses: PSYC 3250, 3340, 4230, 4560, 4710, 4900, 4930, 4950, 4970, 4980

At least six credits must be from 4000-level psychology courses, with at least three of those credits from psychology courses numbered between 4000 and 4890. BIOL 4700 may be taken in lieu of one elective psychology course. Students satisfying both the Applied and Laboratory requirements with PSYC 4560 must still satisfy the requirement for 19 additional credits in Psychology (see above). Students should consult their advisors for other degree requirements and course recommendations.

120 Total Semester Hours

¹See General Education Requirements.

²Sixteen credit hours, in addition to the Mathematics and Natural Science General Education Requirements, are required. Select any mathematics or natural science course that satisfies the General Education Requirement, any MATH or STAT course at the 3000-level or higher, or any natural or physical science course selected from the following: any ASTR, BCHM, BIOL, CH, ENSP, ENT, GEN, GEOL, MICR, NUTR, PHSC or PHYS course.

³See major requirements in program description above.

⁴See General Education Requirements. PSYC 2010 and two additional non-psychology social science courses (from the same or different fields) satisfy General Education and departmental requirements.

⁵Select any minor listed on page 93.**SOCIOLOGY**

The Sociology major offers two degree programs: a Bachelor of Arts and a Bachelor of Science. Both degrees prepare students for a variety of professional careers related to human resources, management, public relations, social services, criminal justice, health services, social research, and other people-oriented positions in the public and private sector. In addition, the Bachelor's degree provides excellent preparation for graduate training in sociology, anthropology, social services, law, and business. Both degrees require a total of 121 semester hours, including 36 credit hours in sociology and/or anthropology, as identified below. Courses used to fulfill General Education Requirements may be used to fulfill minor requirements.

Change of Major into Sociology

Students who change majors into Sociology must have completed at least 12 credit hours at Clemson and must have a 2.0 minimum Clemson/Bridge cumulative grade-point average.

Emphasis Areas in Sociology

Community Studies—RS (SOC) 4590, SOC 3310, (RS) 4950; and six credits from all courses offered in anthropology or sociology not already taken to fulfill requirements.

Criminal Justice—JUST 2880, 2890; and nine credits selected from ANTH 3530, JUST 3980, 4680, 4910, 4930, 4940, SOC 3910, 3920, 3970, 4860. No more than three hours of SOC 4860 may be taken to satisfy concentration electives.

General Sociology—Three credit hours selected from SOC 3110, 3300, 4320, and 4440; three credit hours selected from SOC 3500, 3510, 3910, 4030, and 4330; and nine credit hours selected from any courses offered in anthropology or sociology not already taken to fulfill requirements.

Social Services—SOC 3800, 4140, (RS) 4950; and six credits from all courses offered in anthropology or sociology not already taken to fulfill requirements.

At least 12 of the total credits must be from 4000-level sociology, rural sociology, and/or anthropology courses; no more than nine credit hours may be taken in courses at the 1000 or 2000 level, except with approval of the department chair. Additional electives are added to meet the minimum of 121 hours required for graduation.

The Bachelor of Arts in Sports Communication provides a thoroughly integrated yet individualized degree program that prepares students for communication careers in the sports industry. In addition, the program provides a foundation for graduates who wish to pursue advanced degrees in sports communication. Through their coursework and extracurricular experiences, Sports Communication majors develop a set of skills in oral, written, and visual communication that enables them to research, design, present, and evaluate messages across diverse contexts and from a variety of platforms, including social media and digital communication technology.

Students may change majors into the Sports Communication program based on approval of a committee of faculty from the Department of Communication. The deadline for applying for a change of major during the fall semester is September 15, with decisions made by October 1. For spring semester changes of major, the deadline is February 15, with decisions made by March 1. Acceptance to the major is competitive and applicants should have completed 15 credit hours, including ENGL 1030 and COMM 2010 (with a B or better). All students requesting a transfer into the Sports Communication major must have a grade-point average of 3.0 or higher. An application form and a writing sample are also required. Detailed information is available from the Communication Department, 408 Strode Tower, or on the departmental website: <https://www.clemson.edu/cbshs/departments/communication>

120 Total Semester Hours

¹Students must complete through 2020 in a modern language. See Modern Languages Requirement at Clemson University statement on page 27.²STAT 2220 or 2300³See General Education Requirements. Six of these credit hours must also satisfy the Cross-Cultural Awareness Requirement and, if STAT 2220 is not selected, the Science and Technology in Society Requirement.⁴Emphasis area consists of a total nine credit hours as follows:

Six credits selected from COMM 3260, 3270, 4260, 4270, 4280; and three credits selected from COMM 3030, 3040, 3050, 3070, 3080, 3090, 3160, 3200, 3210, 3220, 3300, 3480, 3500, 3550, 3560, 3610, 3640, 3660, 3690, 3900, 3990, 4000, 4050, 4200, 4300, 4310, 4510, 4550, 4640, 4660, 4700, 4800, 4990

YOUTH DEVELOPMENT STUDIES**Bachelor of Science Degree Completion Program**

The B.S. degree in Youth Development Studies is specifically designed as an upper-level degree completion program for professional youth workers who wish to complete a bachelor's degree in youth development. As such, all classes are offered in the evenings and are delivered online using web-enhanced technologies. Classes are designed to be taken part-time and students are admitted in the fall and spring of each year.

The Youth Development Studies program equips students with the competencies, knowledge and skills necessary to help young people develop into healthy, competent, coping and contributing citizens. Through academic coursework and practical field-based experiences, the program integrates positive youth development theory with practical skills needed to design, deliver and assess intentional and effective youth-serving programs. Studies also prepare students for graduate work in a variety of youth-oriented fields, including programs such as Clemson University's M.S. in Youth Development Leadership.

The term “youth development” encompasses a specific set of principles and practices that help to mold and shape the successful developmental processes of school-aged youth. These principles include a focus on building and strengthening the assets of young people, and emphasizing the strengths, abilities and potential of youth. Effective youth development programs are exemplified by supportive adult relationships, healthy and stimulating environments conducive to learning and skill attainment, availability of challenging programs and activities, and ample opportunity to engage young people in the process of their own development. Youth-serving organizations include those whose primary mission focuses on youth development, principally for young people and their families, during out-of-school time hours. Examples include afterschool programs; 4-H, YMCA/YWCA, Boys and Girls Clubs; health, fitness and sports programs; organized camping; mentoring programs; programs for children with disabilities; and faith-based ministries.

Program Objectives

The B.S. in Youth Development Studies (1) prepares entry- and mid-career level professional youth development leaders for careers in agencies, institutions, schools, and community organizations that serve youth; (2) enhances youth-serving agencies and organizations by supplying professionals who are competent in child and adolescent growth and development, and who understand the connections between problem-focused and positive youth development approaches to working with youth; (3) educates and empowers students to focus on strengths and assets within the context of culturally diverse family and community structures that promote positive youth development; (4) identifies and examines physical, emotional, cognitive, environmental and social issues related to being a young person in today's society, and teaches students to provide programmatic and policy solutions to help solve pressing youth issues; (5) provides ethical leaders with skills necessary to effect change in complex and changing environments in their communities, in the State of South Carolina, and across the nation; (6) prepares students to design, deliver and evaluate intentional, outcomes-focused youth programs and services based on national best-practices; (7) creates a community of scholars and practitioners that enhances professional connections in the youth development field, and provides a forum for the development and maintenance of meaningful collaborations and partnerships with diverse individuals, families and community groups; (8) educates students in organizational behavior and how governance and youth development systems work; (9) prepares students to demonstrate flexibility, resilience, adaptability, caring, ethical decision-making and ethical conduct; and (10) connects students to professional development opportunities in youth development for continual growth and lifelong learning.

Admission

Students who have completed a minimum of 60 credit hours, including all Clemson University General Education credits (33 hours) and approved electives (27 hours), are eligible for admission to the B.S. degree in Youth Development Studies. Students must initiate an application to Clemson University as a transfer student, and must have a cumulative grade point average of 2.5 on all prior college coursework to be eligible for admission. All students accepted into the program are required to attend an on-campus orientation program prior to starting the program. The orientation is designed to build camaraderie among students and faculty, as well as to familiarize students with the online learning technologies that are used to deliver the program.

Curriculum

As an upper-level degree completion program, the Youth Development Studies curriculum encompasses only core academic coursework and field experience in youth development and the approved emphasis area. All required coursework, including prerequisite courses, youth development core courses, and approved emphasis area courses, is designed to build a set of core competencies for effective youth work. Required coursework is designed to facilitate the Ten Core Knowledge and Competencies for Afterschool and Youth Development Professionals as outlined by the National Afterschool Association (NAA) and National Institute on Out-of-School Time (NIOST).

Because students have a wide variety of academic and career goals, and because the emphasis area requirements cannot be tracked via Clemson's degree audit system, detailed departmental advising is vital. Students will select an emphasis area and the courses to fulfill it in consultation with their advisor.

First Year

First Semester

3 - YDP 3000 Youth Development in Society¹
3 - YDP 3050 Theory & Phil. of Youth Dev. Work

Second Semester

3 - YDP 3100 Youth Development and the Family
3 - YDP 3150 Community Youth Dev. Systems

Summer

3 - YDP 3200 Youth Development in Sport & Physical Activities
3 - YDP 3250 Working with Diverse Youth

Second Year

First Semester

3 - YDP 3300 Designing Effective Youth Programs
3 - YDP 3450 Creative Activities for Youth

Second Semester

3 - YDP 3350 Youth Activity Facilitation & Lead.
3 - YDP 3400 Delivering Effective Youth Programs

Summer

3 - YDP 4400 Youth Program Assessment & Eval.
3 - YDP 4990 Youth Development Fieldwork² *or*
3 - Emphasis Area Requirement³

Third Year

First Semester

3 - YDP 4450 Admin. of Youth Dev. Organizations
3 - YDP 4990 Youth Development Fieldwork² *or*
3 - Emphasis Area Requirement³

Second Semester

3 - YDP 4500 Prof. Issues & Ethics in Youth Dev.
3 - YDP 4990 Youth Development Fieldwork² *or*
3 - Emphasis Area Requirement³

Summer

6 - YDP 4990 Youth Development Fieldwork² *or*
6 - Emphasis Area Requirement³

Fourth Year

First Semester

3 - YDP 4990 Youth Development Fieldwork² *or*
3 - Emphasis Area Requirement³

Second Semester

3 - YDP 4550 Youth and Technology

¹YDP 3000 is also offered spring semester for students who transfer into the program at that time.

²Completion of three to six credits of supervised hands-on fieldwork in a youth serving organization is required.

³An emphasis area comprised of 12 to 15 credits of online Clemson University courses is required. The emphasis area must be approved in advance, and courses are selected by the student in consultation with an advisor or program representative. Please note that emphasis area requirements cannot be tracked via Clemson's degree audit system, so detailed departmental advising is vital.

MINORS

Following are minors acceptable for students in the College of Behavioral, Social and Health Sciences. Students cannot major and minor in the same field or acquire a minor that is not allowed by the degree program.

Accounting	Horticulture
Adult/Extension Education	Human Resources Management
Aerospace Studies	Italian Studies
Agricultural Business Management	Japanese Studies
Agricultural Mechanization and Business	Legal Studies
American Sign Language Studies	Management
Animal and Veterinary Sciences	Management Information Systems
Anthropology	Mathematical Sciences
Architecture	Microbiology
Art	Middle Eastern Studies
Athletic Leadership	Military Leadership
Biochemistry	Music
Biological Sciences	Natural Resource Economics
Brand Communications	Nonprofit Leadership
British and Irish Studies	Nuclear Engineering and Radiological Sciences
Business Administration	Packaging Science
Chemistry	Pan African Studies
Chinese Studies	Park and Protected Area Management
Cluster	Philosophy
Communication Studies	Physics
Computer Science	Plant Pathology
Creative Writing	Political and Legal Theory— <i>not open to Political Science majors</i>
Crop and Soil Environmental Science	Political Science
Digital Production Arts	Precision Agriculture
East Asian Studies	Psychology
Economics	Public Policy— <i>not open to Political Science majors</i>
English	Race, Ethnicity and Migration
Entomology	Religious Studies
Entrepreneurship	Russian Area Studies
Environmental Science and Policy	Science and Technology in Society
Equine Industry	Screenwriting
Film Studies	Sociology
Financial Management	Spanish Studies
Food Science	Spanish-American Area Studies
Forest Products	Sustainability
Forest Resource Management	Theatre
French Studies	Travel and Tourism
Gender, Sexuality, and Women's Studies	Turfgrass
Genetics	Urban Forestry
Geography	Wildlife and Fisheries Biology
Geology	Women's Leadership
German Studies	Writing
Global Politics— <i>not open to Political Science majors</i>	Youth Development Studies
Great Works	
History	See Minors section for details.
