Entering freshman and transfer students’ financial aid application for summer sessions includes a processed 2011-12 Free Application for Federal Student Aid (FAFSA), a completed summer enrollment form and any required verification documents. The deadline to submit the 2011-12 FAFSA is June 30, 2012.

IMPORTANT INFORMATION FOR TRANSFER STUDENTS
It is mandatory that all new transfer students attend orientation prior to the fall term. These sessions are one-day experiences designed to allow students to learn about resources, review course evaluations, meet with advisors and register for fall classes. If you are enrolled in summer classes at Clemson, you will not be able to register for your fall classes unless you attend an orientation session. Please bring your Transfer Credit Evaluation Forms that were included in your acceptance packet. To see dates, schedules and register for orientation, you may visit the orientation web site at http://www.clemson.edu/accepted-students/orientation/. You must have final, official transcripts on file from all colleges and universities you have attended in order to complete the admissions process.
